**Please note that data collection has changed between 2017-2018 and 2018-2019. Previously, a “contact” was counted only when parents, ACPS staff members or members of the Alexandria Community contacted PRC staff directly, in-person, or via email or phone, as specified by data collection norms established by the Virginia DOE. However, this changed in the 2018-2019 school year, so that a “contact” also includes instances where PRC staff members initiate contact to parents, staff and members of the community. Consequently, numbers of contacts may be significantly larger, reflecting this change. However, in November, 2019, the DOE provided additional guidelines regarding PRC data collection Specifically, when PRC staff members initiate email contact to multiple recipients via a single email, the DOE counts this as a single contact, whereas formerly, it was counted it as multiple contacts. This change, too, will again alter the numbers of PRC contacts by decreasing them significantly.**
