**TWC Updates:**

- Finishing up pilot project for Virginia Victimization Screening Tool in conjunction with Center for Alexandria’s Children. Hope our contribution helped to create a better assessment tool.
- Completed Patient Satisfaction Survey in November – awaiting analysis.
- Meghan Bernetich has resigned to stay home with her baby. We are working on the recruit and will prioritize the NP recruit first before finalizing the revised Health Educator position recruit.
- Student Advisory Panel will continue monthly under leadership of PHN, Lauren McLean and supervision of Marilyn Foster, NP Supervisor. We may invite Chelsea Eickert, CYMP coordinator, to a meeting to collect data for the Healthy Behaviors Workgroup.
- Teen Wellness Center is in alignment with ACAP’s plan to install condom dispensers throughout the City. They are still working on their communications plan before implementation. They have agreed to include TWC messaging on the dispensers to encourage teens who take advantage of the free condoms to come to TWC for more information, evaluation, and education.
- Total # LARC’s inserted 2018–137, January 13. Total # STI’s diagnosed/treated-93, January 14.
