

SCHOOL BOARD OPERATING PROCEDURES

The Alexandria City School Board strives to ensure that ALL students reach their highest academic potential, and that they are prepared for citizenship, higher education and the workforce. To accomplish this goal, the Board will make policy, budget and leadership decisions that are aligned with its Vision and Strategic Plan; and will actively and transparently communicate with and involve stakeholders.

The School Board is a nine-member elected body whose primary responsibilities are to adopt and oversee capital and operating budgets annually, to formulate and adopt policy, to select a Superintendent to implement policy, and to evaluate the results. (Policy BBA) The City is divided into three voting districts, and three School Board Members are elected from each district. School Board Members represent all staff and students. Each member is elected concurrently for a three-year term of office. The School Board is committed to process-driven governance. Staff members facilitate the process and make recommendations, with oversight and decision-making authority retained by the School Board.

The School Board Operating Procedures are intended to guide and assist the Board in the conduct of its business. The procedures are not intended to take precedence over School Board or school division policy.

The School Board will observe parliamentary procedures in accordance with *Robert's Rules of Order, Revised*.
