The Virginia Freedom of Information Act: A Guide for School Board Members and School Administrators

Introduction

The Virginia Freedom of Information Act (the Act) was created in 1968 to ensure that Virginia citizens have access to government records and meetings. Since then the Act has been reviewed and amended numerous times. The Act governs the notice and conduct of school board meetings as well as the disclosure, upon request, of school division records. The law also requires school board members to read and become familiar with the Act.

This Guide is intended to help Virginia school board members comply with this legal mandate as well as help school administrators and employees understand the provisions of the Act relating to school divisions to ensure compliance with it.

I. INTENT OF THE VIRGINIA FREEDOM OF INFORMATION ACT

Code of Virginia § 2.2-3700

The Virginia Freedom of Information Act (the Act) “ensures the people of the Commonwealth ready access to public records in the custody of a public body or its officers and employees, and free entry to meetings of public bodies wherein the business of the people is being conducted [because] [t]he affairs of government are not intended to be conducted in an atmosphere of secrecy since at all times the public is to be the beneficiary of any action taken at any level of government...” Furthermore, **the Act includes an express presumption that school board records and meetings are open unless an exemption is properly invoked.** Not only is there a presumption of openness, but also “any exemption from public access to records or meetings shall be **narrowly construed** (emphasis added).” Moreover, other provisions of the Act shall be liberally construed to promote an increased awareness by all persons of governmental activities and afford every opportunity to citizens to witness the operations of government.

Based on this legislative intent, the general rule is to disclose records and to open meetings unless there is a law prohibiting such disclosure or openness or an exemption in the Act permitting the withholding of information. Note that the Act does not require closed meetings or prohibit the disclosure of records; however, other federal laws or other state laws may (e.g., student records).

The second overriding intent of the Act is to create a spirit of cooperation between the school board and the public. Therefore, when a request for information is made, the school board and school employees “shall make reasonable efforts to reach an agreement with a requester concerning the production of the records requested.”

II. FOIA Officer

Code of Virginia § 2.2-3704.2

Every public body must designate and publicly identify one or more FOIA officers. FOIA officers serve as a point of contact for members of the public in requesting public records and coordinate the public body's compliance with the Act.

The school board is required to make the name and contact information for the FOIA Officer available in a way reasonably calculated to provide notice to the public, including posting at the public body's place of business, posting on its website or including such information in its publications.

The FOIA officer must possess specific knowledge of the provisions of FOIA and be trained at least annually by legal counsel for the school board, the Virginia Freedom of Information Advisory Council (the FOIA Council) or through an online course offered by the FOIA Council. The FOIA Council maintains a list of FOIA Officers, including name, contact information and the name of the public body the FOIA Officer serves, on its website.

III. NOTICE OF THE ACT

Code of Virginia § 2.2-3702

The superintendent or school board attorney of each school division provides a copy of the Act to every person elected, reelected, appointed or reappointed to the school board within two weeks following the election or appointment. **All school board members are required by law to read and become familiar with the provisions of the Act.**

Every school board is required to provide an explanation of the rights of people to make requests for public records in plain English and to post that information on its website. The explanation must also include a statement of the responsibilities of the school board in complying with FOIA.

IV. DOES THE ACT APPLY TO YOU?

Code of Virginia § 2.2-3701

The Act applies to public bodies and committees of public bodies, even when nonmembers serve on such committees. The Act defines a public body to include, among other entities, school boards, and further states that the definition “include[s] any committee, subcommittee, or other entity however designated, of the public body created to perform delegated functions of the public body or to advise the public body” even if such committee has private sector or citizen members. The Act also applies to records in the possession of the school board or its officers, employees or agents in the transaction of public business.

V. MEETINGS TO BE PUBLIC

Code of Virginia §§ 2.2-3700- 2.2-3711

A. Definition

Code of Virginia § 2.2-3701

A meeting means the gathering, including work sessions or retreats, of at least three members or a quorum, if less than three, wherever held, regardless of whether minutes are taken or votes are cast, of any school board or committee of the school board.

Neither the gathering of employees of a public body nor the gathering or attendance of two or more members of a public body (i) at any place or function where no part of the purpose of such gathering or attendance is the discussion or transaction of any public business, and such gathering or attendance was not called or prearranged with any purpose of discussing or transacting any business of the public body, or (ii) at a public forum, candidate appearance, or debate, the purpose of which is to inform the electorate and not to transact public business or to hold discussions relating to the transaction of public business, even though the performance of the members individually or collectively in the conduct of public business may be a topic of

discussion or debate at such public meeting, shall be deemed a "meeting".

B. Notice

1. Regular Meetings

Code of Virginia § 2.2-3707(C)

Every school board must give notice of its meetings by posting notice on its website, placing notice in a prominent public location at which notices are regularly posted and placing such notice in the office of the school board clerk. **The notice of all regular school board meetings must be given at least three working days prior to the meeting.** Further, if a school division has its own TV channel, it should broadcast meeting notices on that channel.

2. Special Meetings

Code of Virginia § 2.2-3707(D)

When it is necessary to hold a special or emergency meeting, notice of such meeting must be given simultaneously with the notice provided to the school board members. Such notice must be reasonable under the circumstances. For example, if you have time to get the notice published in the local newspaper (i.e. before the publication deadline), then you should do so. Also, you should post notice of special or emergency meetings at the locations described for regular meetings, although the same time requirement does not apply.

3. Meetings for Interviewing Superintendent Candidates

Code of Virginia § 2.2-3712(B)

Notice of a meeting held solely for the purpose of interviewing superintendent candidates is not required. Instead, the school board must announce, in an open meeting, that a closed meeting for this purpose will be held within fifteen days. The school board is not required to disclose the exact time, date or location of the meeting. This provision is intended to protect the privacy of

superintendent candidates who may not have revealed their employment search to their current employer.

4. Requests for Notice of Meetings from Individuals

Code of Virginia § 2.2-3707(E)

Individuals may request personal, direct notification of each school board meeting. These requests must be made annually and include the requester's name, address, zip code, daytime telephone number, electronic mail address and organization, if any. The school board may respond to this type of request by (1) providing individual, direct notices before each meeting; (2) stating that the school board meets in the same place on the same day and time of every month (for example, the second Tuesday of each month in the board room) or (3) may provide the schedule of school board meetings for the entire year at the time of the request. You should document the school board's response to this request. If a special or emergency meeting is called, you must notify the individual directly.

5. School Board Meeting Agendas and Agenda Packets

Code of Virginia § 2.2-3707(F)

At least one copy of the proposed agenda and all agenda packets and, unless exempt, all materials furnished to members of the school board for a meeting must be made available for public inspection at the same time such documents are furnished to the members of the school board.

C. Recording the Meeting

Code of Virginia § 2.2-3707(G)

Any individual may photograph, film, record or otherwise reproduce all or any portion of an open school board meeting. The school board may adopt rules regarding the placement and use of recording equipment to prevent interference with the school board meeting. Furthermore, the

school board cannot hold a meeting in any building or facility where recording is prohibited.

D. Minutes

Code of Virginia § 2.2-3707(H)

Minutes must be recorded at all open school board meetings. Minutes are not required at deliberations of committees appointed by school boards unless a majority of the school board serves on the committee.

E. Electronic Meetings and Remote Participation

Code of Virginia § 2.2-3708.2

The Act authorizes school boards to conduct meetings at which the public business is discussed or transacted through electronic communication means in certain circumstances, as described below.

1. Individual Participation by Electronic Means

When a quorum of the board is physically assembled, an individual board member may participate in the meeting electronically if the board member notifies the chair that he or she is unable to attend the meeting because of (1) a personal matter or (2) a disability or other medical condition that prevents the member's physical attendance. When a school board member wants to participate electronically because of a personal matter, the board member must identify the nature of the personal matter with specificity. Remote participation due to personal matters is limited to two meetings each calendar year.

In order for individual board members to participate by electronic communication means, the board must have adopted a written policy allowing for and governing the participation of its members by electronic communication means. The policy must include an approval process for such participation. In deciding whether or not to approve a member's electronic participation, the board may not consider the identity of the board member or the matters that will be considered or

voted on at the meeting. If the request is not approved, the reason for the disapproval must be recorded in the minutes of the meeting.

When a board member participates in a meeting electronically, the board must make arrangements for the voice of the remote participant to be heard by everyone present at the primary meeting location.

2. Declared State of Emergency

When a quorum of the board is not physically assembled at one location, a board may meet by electronic communication means when (1) the Governor has declared a state of emergency, (2) the catastrophic nature of the emergency makes it impracticable or unsafe for a quorum of the board to assemble in a single location and (3) the purpose of the meeting is to address the emergency. When a board meets electronically because of a declared emergency, it must give notice of the meeting using the best available method given the nature of the emergency and make arrangements for public access to the meeting. The public notice must be given contemporaneously with notice to the board members. The nature of the emergency, the fact that the meeting was held by electronic communication means, and the type of electronic communication means by which the meeting was held must be stated in the minutes of the meeting.

F. The Transaction of Public Business

Code of Virginia § 2.2-3710

The transaction of school board business must be authorized by a vote taken at an open meeting. Voting by secret, written or electronic means is prohibited. The Act does not prohibit, however, a member separately contacting one or more members of the school board to determine a member's position with respect to the transaction of public business, whether such contact is done in person, by telephone or by electronic communication, provided that the contact is done on a basis that does not constitute a meeting.

G. Closed Meetings

Code of Virginia §§ 2.2-3711 – 2.2-3712

Meetings closed to the public and press are permitted under certain circumstances, but are not required. In order to conduct a closed meeting, the school board must follow the steps outlined below.

1. Select the appropriate exemption to the open meeting requirement. Closed meetings are allowed for 51 purposes. Listed below are some of the reasons most frequently used by school boards to close meetings.

Personnel Matters. Discussion, consideration or interviews of prospective candidates for school board employment; assignment, appointment, promotion, performance, demotion, salary, discipline or resignation of specific public officers, appointees or employees of the school board. While this exemption allows a closed meeting for the discussion of a **specific** employee, it does not permit a discussion of a general class of employees. Elected school boards may not meet in closed session to discuss compensation matters that affect the membership of the board collectively. **Also, a school board may not meet in a closed meeting to discuss the election of its chair or vice-chair.** *Opinion of the Attorney General to the Honorable Patricia S. Ticer, April 5, 1999.*

Scholastic Records. Discussion or consideration of the admission, discipline or other matters concerning any **identifiable** student or that would involve the disclosure of identifiable information contained in a record (see definition of "scholastic records" on p. 9).

Real Property. Discussion or consideration of the acquisition or disposition of real property if discussion in an open meeting would adversely affect the bargaining position or negotiating strategy of the school board.

Personal Matters. A closed meeting is permitted to protect the privacy of individuals in personal matters not related to public business. For

example, one member of the school board may wish to reveal his or her health condition to the other members of the school board in a closed, rather than an open, meeting.

Litigation and Legal Briefings. Consultation with legal counsel and briefings by staff members or consultants pertaining to **actual or probable litigation** is allowed in a closed meeting if consultation in an open meeting would adversely affect the negotiating or litigating posture of the school board. Probable litigation means litigation which has been specifically threatened or on which the public body or its legal counsel has a reasonable basis to believe will be commenced by or against a known party. In addition, consultation with legal counsel employed by or retained by the school board regarding **specific legal matters** requiring the provision of legal advice by such counsel is permitted in a closed meeting. The school board may not close a meeting merely because its attorney is present or is consulted on a matter.

Awards. Discussion or consideration of honorary degrees or special awards.

Investment of Public Funds. Discussion of the investment of public funds where competition or bargaining is involved, where, if made public initially, the financial interest of the school board would be adversely affected.

Tests or Examinations. Discussion or consideration of tests, examinations or other information used, administered or prepared by the school board for purposes of evaluating (1) any student or any student's performance (2) any employee or applicant's qualifications or aptitude for employment, retention or promotion or (3) qualifications for any license or certificate issued by a public body.

Public Safety. Discussion of plans to protect public safety as it relates to terrorist activity or specific cybersecurity threats or vulnerabilities and briefings by staff members, legal counsel or law-enforcement or emergency service officials concerning actions taken to respond to such

matters, or a related threat to public safety, or discussion of specified exempt records where discussion in an open meeting would jeopardize the safety of any person or the security of any facility, building, structure, information technology system, or software program, or discussion of reports or plans related to the security of any government facility or the safety of persons using such facilities.

2. In an open meeting, approve a motion to conduct a closed meeting. Such motion must (1) **identify the subject matter** of the meeting (2) **state the purpose** of the meeting as authorized by law and (3) **cite the applicable legal provision** allowing a closed meeting. **These three items must be included in detail in the minutes of the open meeting.** A general reference to the Act, the applicable open meeting exemption or the subject matter of the closed meeting does not satisfy the law. A sample motion is provided below:

"Pursuant to § 2.2-3712(A) of the Code of Virginia, I move that the Board convene in a closed meeting to consider the grievance of a high school teacher, as permitted under § 2.2-3711(A)(1) of the Code of Virginia."

When convening a closed meeting under the personnel or student discipline exemptions, it is not necessary to identify the specific employee or student involved.

3. During a closed meeting, the school board may discuss only those matters specifically identified in the motion to conduct the closed meeting and exempted from the open meeting requirements of the Act. The discussion of any other matter is prohibited.

4. At the conclusion of the closed meeting, the school board must immediately reconvene in an open meeting and take a recorded vote certifying that only matters lawfully exempted under the Act **and** identified in the motion were heard, discussed or considered in the closed meeting. Such vote must be recorded in the minutes of the open meeting. Any school board member who believes there was a departure from these requirements must state his or her objection prior

to the vote, indicating the substance of the departure. Any objection to the certification must be included in the minutes. A sample motion and objection follow:

Sample motion:

*“Pursuant to section 2.2-3712(D) of the Code of Virginia, I move to certify that during the closed meeting just concluded the **BLANK** School Board discussed only matters (1) lawfully exempt from the open meeting requirements under section 2.2-3711 of the Code and (2) identified in the motion convening the closed meeting.”*

Sample objection:

*“Pursuant to section 2.2-3712(D) of the Code of Virginia, I object to the motion for certification of the closed meeting. During the closed meeting **[INSERT TOPIC]** was discussed. That topic **[SELECT APPLICABLE OPTION]** is not lawfully exempt from the open meeting requirements of FOIA **[OR]** was not identified in the motion by which the closed meeting was convened.”*

5. Following the certification, the school board must, in an open meeting, vote on any matter that was preliminarily agreed to in the closed meeting. The motion must reasonably identify the substance of such matter. Anything agreed to in a closed meeting is not effective until voted upon and passed in an open meeting.

6. Minutes are not required, but may be taken, in a closed meeting. Minutes of a closed meeting are exempt from disclosure under the Act; however, they may be discoverable in litigation or subject to subpoena.

7. Non-school board members may attend a closed meeting only if their presence is deemed necessary or will reasonably aid the public body in its consideration of a topic which is a subject of the closed meeting. Teachers who are the subject of a disciplinary matter concerning a student shall be allowed to attend the closed meeting if the

student is present and the teacher makes a written request to the school board chair to be present. Students, parents/guardians and legal counsel may be present during the presentation of evidence at any closed meeting involving the admission or discipline of such student upon written request to the chair of the school board.

VI. PUBLIC RECORDS

Code of Virginia §§ 2.2-3701, 2.2-3704 & 2.2-3705

The Act defines public records as all writings and recordings that consist of letters, words or numbers or their equivalent set down by handwriting, typewriting, printing, photostating, photography, magnetic impulse, optical or magneto-optical form, mechanical or electronic recording or other form of data compilation, however stored, and regardless of physical form or characteristics, prepared or owned by, or in the possession of a public body or its officers, employees or agents in the transaction of public business. **This definition is intended to be comprehensive and includes any record, regardless of how it is created or stored, including email, text messages, and voice mail recordings.**

A. Disclosure of Public Records

Code of Virginia §§ 2.2-3704, 2.2-3704.1

1. General Rule

Public records must be disclosed, upon proper request, unless release is specifically exempted by the Act or prohibited by another law.

A public record may be withheld from disclosure in its entirety only to the extent that an exclusion applies to the entire content of the record. Otherwise, only those portions of the public record containing information subject to an exclusion may be withheld and all portions of the public record that are not so excluded must be disclosed.

2. Who is Entitled to Access Public Records?

Citizens of the Commonwealth of Virginia and representatives of newspapers, magazines, and radio or television stations which circulate or broadcast in the Commonwealth must be provided access to public records upon request unless the requested record is specifically made exempt by the Act or disclosure is prohibited by other law. **Access to public records may be granted to non-citizens or other members of the media, but such disclosure is not required by the Act.** People incarcerated in any state, local or federal correctional facility are not entitled to access public records under the Act; however, through other laws, such people may have the right to access certain information.

3. How should a request for public records be made?

A request for public records shall be made to the custodian of the records and identify the requested records with **reasonable specificity**. The custodian of the records is typically the Superintendent. The requester is not required to make reference to the Act or make the request in writing. Although the school board cannot require a request for public records to be written, it is prudent to have a form that requesters may use (see **VSBA sample policy, regulation and form in the Appendix**). **The school board may require the person requesting a public record to provide his or her name and legal address. If the requester is unwilling or unable to complete a form, then staff can complete it as fully as possible.** The purpose of having a form is twofold: first, to create a record of the request and the school board's response and second, to help the school board and the requester understand exactly what is being requested. The reason behind the request for records is irrelevant to the citizen's or press' right to the requested information.

4. How must the school board respond to a request for records?

The custodian of the requested records must, promptly, **and no later than five working days** after receiving the request, provide access to the requested records by inspection or by providing copies, at the option of the requester, or make one of the following responses **in writing**:

- The requested records are being withheld in their entirety. Such a response must identify with reasonable particularity the volume and subject matter of the withheld records and cite, as to each category of withheld records, the specific Code section authorizing the withholding of the records.
- The requested records will be provided in part and withheld in part because the release of part of the records is prohibited by law or the school board has exercised its discretion to withhold part of the records requested. This response must identify with reasonable particularity the subject matter of the withheld portions of the records and cite the specific Code section authorizing the withholding of records. If a portion of a requested record is withheld, the public body may delete only that portion to which an exemption applies and shall release the remainder of the record.
- The requested records could not be found or do not exist. If the school board knows that another public body has the requested records, the response must include contact information for the other public body.
- It is not practically possible to provide the requested records or to determine whether they are available within five working days. This response must specify the conditions which make the response impossible. If this response is made within five working days, the school board shall have another seven work days to provide one of the responses listed above.

The school board may petition the appropriate court for additional time to respond to a request for records if the request (1) is for an extraordinary volume of records and (2) a response within the

required time frame will prevent the school board from meeting its operational responsibilities. Before initiating this petition, the school board must make reasonable efforts to reach an agreement with the requester concerning the production of the requested records.

Failure of the school board to respond to a request for records is a denial of the request and is a violation of the Act.

B. Costs for Producing Requested Records

Code of Virginia § 2.2-3704(F), (H) and (I)

The school board may make reasonable charges for its **actual costs** incurred in accessing, duplicating, supplying or searching for any requested records. Extraneous, intermediary or surplus fees or expenses to recoup the costs associated with creating or maintaining records or transacting general school board business are prohibited. Duplicating fees may not exceed actual cost.

The FOIA Advisory Council has opined that “actual costs” cannot include a charge designed to cover the cost of fringe benefits paid for the employees involved in responding to a FOIA request. AO-05-02. “Actual costs” may include charges for the time spent by employees involved in responding to the FOIA request, based on hourly rates corresponding to the employees’ salaries. AO-21-01.

At the request of the requester, the charges for providing the requested record shall be determined in advance. Also, if the school board determines in advance that the charges for producing the requested record are likely to exceed \$200.00, the school board may, before continuing to process the request, require the requester to agree to payment of a deposit not to exceed the amount of the advance determination. Such deposit shall be credited toward the final cost of supplying the requested records. The time for the school board to respond to the request for records pauses at the time of the advance determination notice and resumes upon the response of the requester.

Before processing a request, the school board may require the requester to pay any amounts owed to the school board for previous requests that remain unpaid 30 days after billing.

C. New Records

Code of Virginia § 2.2-3704(D) & (G)

The school board is not required to create new records (records that do not exist). The school board may, however, abstract or summarize information as agreed between the school board and the requester. When electronic or other databases combine information or contain exempt and nonexempt records, the school board may provide access to the exempt records if not prohibited by law and must provide access to the nonexempt records. The deletion of exempt information from a database or the conversion of data from one available format to another is not the creation of a new public record

D. Means of Providing Records (What Format?)

Code of Virginia § 2.2-3704(G)

The school board must provide requested nonexempt records maintained in an electronic database in **any tangible medium identified by the requester if the requested medium is used by the public body in the regular course of business**. This may include posting the records on a website or delivering the records through an electronic mail address provided by the requester. The school board is not required to produce records in a format not regularly used by the school board. The school board shall make reasonable efforts to reach an agreement with the requester on how to provide the requested records.

E. Exemptions from Disclosure

Code of Virginia §§ 2.2-3701, 2.2-3705.1 through 2.2-3705.8 & 2.2-3706.

There are over 80 exemptions from the mandatory disclosure requirement of the Act.

However, many of these exemptions are permissive, not mandatory, so the records may be disclosed at the discretion of the superintendent, unless otherwise prohibited by law. The exemptions most likely to be used by a school board are summarized below:

- Scholastic records. Scholastic records are defined in the Act as records containing information directly related to a student and maintained by (1) a public body which is an educational agency or institution or (2) by a person acting for such agency or institution. In order to be exempt from mandatory disclosure, the record must contain information concerning **identifiable individuals**. However, these records shall not be denied to the student who is the subject of the record if the student is at least 18 years old or the parent or guardian of a student who is less than 18 years old. Students shall not have access to the financial records of their parents or guardians.

Records of instructional, supervisory or administrative personnel and educational personnel ancillary thereto which are in the sole possession of the maker and which are not accessible or revealed to anyone except a substitute are not accessible by students and their parents/guardians through the Act. If a student who is 18 or older waives these protections in writing, the school board must open such records.

A student's address, phone number or email address cannot be released in response to a FOIA request or as directory information under the Family Educational Rights and Privacy Act without the written consent of the parent or eligible student.

- Personnel records. Records containing information concerning **identifiable individuals**, except that access shall not be denied to the person who is the subject of the record. Any person who is 18 or older may waive this protection in writing and if it is waived, the school board must open such records for inspection and copying.

- Licensing information. Records of application for licensure for teachers and other school personnel, including transcripts and other documents submitted in support of the application and records of an active investigation conducted by or for the BOE related to the denial, suspension, cancellation, revocation or reinstatement of teacher and other school personnel licenses including investigator notes and other correspondence and information, furnished in confidence with respect to such investigation.

- Health records. Health records are exempt from mandatory disclosure. However, such records may be personally reviewed by the individual who is the subject of the records, or the individual's parent or guardian if the individual is under 18.

- Working papers and correspondence of the superintendent. No record which is otherwise open to inspection shall be exempt merely because it is attached to a working paper or other exempt correspondence. Information publicly available or not otherwise subject to an exclusion under this chapter or other provision of law that has been aggregated, combined, or changed in format without substantive analysis or revision is not considered to be working papers. Working papers are limited to records prepared by or for the superintendent for his or her **personal or deliberative use**.

- Records Relating to Public Safety including (1) information concerning security plans and specific assessment components of school safety audits and (2) records that reveal, and the disclosure of which would jeopardize the safety of, any person or government facility, critical infrastructure information, vulnerability assessments, surveillance techniques or local or regional public safety communication systems.

- Threat Assessment Team Records. Records of threat assessment teams relating to the assessment or intervention with a specific individual.

- Uniformed services-connected students. Data from the identification of uniformed services-connected students is not a public record. The disclosure of such data is prohibited except as provided in the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g). Code of Virginia § 22.1-287.04.
- Written legal advice. Written advice of the legal counsel to the school board or the officers or employees of the school board and any other records protected by the attorney-client privilege.
- Legal memoranda and other work product compiled specifically for use in **litigation** or for use in an **active administrative investigation** concerning a matter which is properly the subject of a closed meeting.
- Recommendation letters. Confidential letters and statements of recommendation placed in the records of educational agencies or institutions regarding admission to any educational agency or institution, an application for employment or promotion or receipt of an honor.
- Library records which identify a library patron who has borrowed material from the library and the material borrowed.
- Any test or examination used, administered or prepared by any public body to evaluate (1) a student's performance; (2) the qualifications or aptitude for employment, retention or promotion of any employee or candidate for employment; or (3) qualifications for any license or certificate issued by a public body. The exempt record may include the scoring key or other documents that would jeopardize the security of the test. The test shall be made available to the public when it no longer has any potential for future use and the security of future tests or examinations will not be jeopardized. Minimum competency tests administered to public school children shall be open when the statewide scores are released or six months after their administration, whichever is earlier.
- Closed meeting records. Records created in or compiled exclusively for use in lawfully held closed meetings. No record which is otherwise open shall be deemed exempt merely because it is reviewed or discussed in a closed meeting.
- Vendor proprietary information. Software which may be in the official records of a public body, including computer programs acquired from a vendor for purposes of processing data for the school board.
- Computer software developed by or for a school board.
- Appraisals and cost estimates of real property subject to a proposed purchase, sale or lease, prior to the completion of such purchase, sale or lease.
- Computer security information. Documentation or other information which describes the design, function, operation or access control features of any security system which is used to control access to or use of any automated data processing or telecommunications system.
- Proprietary information. Confidential information designated as trade secrets or proprietary information by any person who has submitted to the school board an application for pre-qualification to bid on public construction projects.
- Personal contact information. Personal contact information, including electronic mail addresses given to the school board for the purpose of receiving electronic mail from the school board **if the electronic mail recipient has requested that the public body not disclose such information**. However, the person who is the subject of this record may not be denied access to the information. "Personal contact information" means information given to the school board for the purpose of receiving electronic mail from the school board including home or business address, email address or telephone number.

- Investigations of Employment Discrimination Complaints. Notes, correspondence and information, furnished in confidence with respect to an active investigation of individual employment discrimination complaint made to the division’s human resources or personnel department.

- PPEA records. Confidential proprietary records that are voluntarily provided by a private entity which are filed with a school board under the Public-Private Education Facilities and Infrastructure Act (the PPEA) pursuant to a promise of confidentiality from the school board and which are used by the school board for purposes related to the development of a qualifying project. Also, memoranda, working papers or other records related to proposals filed under the PPEA where, if such records were made public, the financial interest of the public or private entity involved with such proposal or the process of competition or bargaining would be adversely affected. In order for confidential proprietary information to be excluded from the provisions of this chapter, the private entity shall (1) invoke such exclusion upon submission of the data or other materials for which protection from disclosure is sought, (2) identify the data or other materials for which protection is sought, and (3) state the reasons why protection is necessary.

F. Records Deemed Open

Code of Virginia §§ 2.2-3705.8 and 2.2-3707

Minutes

The Act deems minutes, including draft minutes, of open meetings, and other records of open meetings, to be public records. Other records of open meetings include audio and visual records.

Employment contracts and compensation

Contracts between the school board and its officers or employees, excluding those settling employment disputes, must be open and subject to disclosure. Likewise, records of the position, job classification, official salary or rate of pay of

any school board officer, official or employee over \$10,000.00 must be disclosed, upon request. Also, records of the allowance or reimbursements for expenses paid to any officer, official or employee of the school board must be open.

Consultant reports

The non-exempt portions of a report of a consultant hired by the school board or the division superintendent are deemed open if (1) the report has been distributed or disclosed to members of the school board or (2) the school board has scheduled any action on a matter that is the subject of the consultant’s report.

VII. EMAIL AND OTHER ELECTRONIC COMMUNICATION ISSUES

When considering the use of email and other, electronic means of communication, there are two issues to consider: (1) whether your conduct is a **meeting** as defined in the Act and (2) whether you are creating **public records** which must be disclosed unless specifically exempt. While the Act puts some restrictions on conducting meetings through electronic means, it does not prohibit all communication among members when the board is not physically assembled. The use of email to transmit messages to individual board members is permissible. However, board members need to be careful that their use of email does not result in a meeting.

Whether or not the use of email constituted a meeting has been addressed by the Virginia Supreme Court in two cases. See *Hill v. Fairfax County School Board*, 284 Va. 306 (Va. 2012) and *Beck v. Shelton*, 267 Va. 483 (Va. 2004). In both cases, the court focused on the definition of “meeting “in FOIA.

FOIA defines meetings subject to the Act as “the meetings, including work sessions, when sitting physically or through electronic communication means pursuant to [Va. Code] § 2.2-3708.2 as a body or entity, or as an informal assemblage of (1) as many as three members or (2) a quorum, if less than three, of the constituent membership” of the

public body. Va. Code § 2.2-3701. The court emphasized in both *Hill* and *Beck* that “[t]he term [assemblage] inherently entails the quality of simultaneity”.

The court also noted in both cases that email can be used in various ways, some of which involve simultaneous communication and some of which do not. For example, when email is used in a way that is functionally similar to ordinary mail, in which there may be a significant delay before the communication is received and an additional delay in response, there is no simultaneity and no meeting exists. In contrast, if computers are used to exchange messages in the nature of a discussion, such as occurs in chat rooms or via instant messaging, communication is virtually simultaneous.

The determination of which of those scenarios the use of email by members of a school board most closely resembles depends entirely on the facts of the particular case. The facts in both *Beck* and *Hill* established that the communication was not simultaneous and thus that there was no meeting for FOIA purposes. The court clearly indicated, however, that different facts would have resulted in different outcomes. Thus, all school board members should be very aware of how they use email and ensure that they do not engage in simultaneous communication that would constitute a meeting.

The use of two other specific types of electronic communication has also been addressed. The Virginia Freedom of Information Advisory Council (the Council) has opined that the use of an email network, or listserve, for members of a city council, the city manager and the city attorney would violate the prohibition against electronic meetings for local public bodies. The Council determined that using electronic communication such as a listserve or discussion group is “more akin to a meeting than to mere correspondence.” The Council noted that “[w]hile this conversation might not ensue as instantaneously as a face-to-face conversation, the end result would be the same exchange and discussion of ideas outside of the public’s view.” AO-1-01 January 3, 2001.

In addition, the Attorney General has opined that discussing board business using “instant messages” or a chat room with three board members or a quorum, is prohibited due to the simultaneous nature of this type of communication. *Opinion of the Attorney General to the Honorable Phillip Hamilton January 6, 1999.*

In summary, the use of email to exchange correspondence or information clearly does not violate the meeting requirements of the Act as long as that use does not result in simultaneous communication. Board members should refrain from the use of chat rooms, discussion groups or listserves in their communications with other board members since they would likely be considered simultaneous communications in violation of the Act’s meeting requirement.

In addition to such emails between board members being permissible under the Act, with regard to the meeting rules, emails are also subject to the open records provision of the Act. Therefore, Board members should be aware that emails may be requested by a citizen of Virginia or a member of the press and may be required to be disclosed. Therefore, be aware of the form and content of your email.

VIII. ENFORCEMENT OF THE ACT

A. In the Courts

Code of Virginia §§ 2.2-3713 & 2.2-3714

Any person denied the rights and privileges of the Act may file a petition in the general district court or the circuit court in the appropriate county or city. The petition will be heard by the court within seven days as long as the defendant has received a copy of the petition at least three working days prior to the filing for mandamus or injunction. The petition must allege the violation of the Act with reasonable specificity.

The petitioner is entitled to recover reasonable costs and attorney’s fees from the school board if: 1) the school board is found to have violated the Act and 2) the petitioner substantially prevails on

the merits of the case, unless special circumstances exist. The court may consider a school board's reliance on an opinion of a Virginia court or the Attorney General that supports the position the school board took.

The school board has the burden to establish an exemption by a preponderance of the evidence. Failure to follow the procedures of the Act is presumed to be a violation. Fines for the first knowing and willful violation are not less than \$500 or more than \$2,000. The fine for subsequent violations is not less than \$2,000 or more than \$5,000. Any fine imposed for a willful and knowing violation of the Act is imposed on the board member, officer or employee of the school division in his individual capacity.

B. Virginia Freedom of Information Advisory Council

Code of Virginia § 30-178 et seq.

The Virginia Freedom of Information Advisory Council (the Council) was created by the General Assembly in 2000 to "encourage and facilitate compliance with the [Virginia] Freedom of Information Act." The Council is comprised of fourteen members including representatives from local government, the press, the Senate, the House of Delegates, the Attorney General's Office, the Library of Virginia, the Division of Legislative Services and citizens of the Commonwealth.

The Council provides training and educational information on the requirements of the Act to the members and staff of public bodies and other interested parties. In addition, the Council provides advisory opinions regarding the Act to any agency of state and local government or any person. Local school boards must cooperate with and provide assistance to the Council upon request. However, information provided by any state or local government body will not be released by the Council unless the public body consents.

C. Relevant Advisory Opinions

Since its creation in 2000, the Council has issued numerous opinions regarding compliance with the Act. Some of the Council's opinions relevant to school boards are listed below:

- A public body must give notice of the date, time and location of its meetings. The time that must be noticed is the true time at which the meeting begins. Thus, when a notice announced that a meeting would start at 7 pm but the meeting actually started with a closed session at 6 pm, the notice of the meeting should have stated that the meeting started at 6 pm. AO-06-07, June 8, 2007.
- A public body may charge for non-legal staff time spent redacting exempt portions of a requested record. AO-02-07, March 14, 2007.
- A motion to go into closed session must (1) identify the subject matter, (2) state the purpose of the closed meeting and (3) refer to the specific subsection of FOIA which permits the board to go into closed session. AO-24-04, December 2, 2004.
- A verbal request for information is sufficient under FOIA; there is no requirement that a FOIA request be in writing. The custodian of the records may ask that the request be made in writing but cannot refuse to honor a request because it is verbal or require that a request be made in writing. AO-18-04, August 31, 2004.
- FOIA guarantees citizens the right to attend meetings and witness the operations of government, not the right to participate in those meetings. AO-22-03, July 21, 2003.
- Failure to respond to a request for public records is a violation of FOIA. AO-12-03, May 14, 2003.
- When a school board receives a request for documents which had previously been assembled for another requester, the board may charge the second requester for copying and retrieving the file but cannot charge for the time originally spent

locating the documents and compiling the file. AO-08-03, April 3, 2003.

- A local public body may use a straw poll in a closed meeting to narrow a list of candidates for appointment. “[I]f a public body has properly convened in closed session, it may, while still in closed session, reach a tentative agreement about the topic of business. However, the substance of that agreement will not become effective until it is identified at an open meeting, and voted on by the membership.” AO-15-02, November 12, 2002.

- A two-person committee of the school board appointed by the board to provide budget suggestions to the full board is a public body subject to the meeting provisions of the Act. AO-20-01, March 19, 2001.

- The Virginia School Boards Association (VSBA) is not a public body under the Freedom of Information Act, and therefore, its meetings are not public meetings. Three or more members of a school board may gather at a VSBA meeting without violating the Act as long as they do not discuss or transact business. Materials provided by the VSBA to members attending a meeting may become public records if the members use them to “formulate or discuss policy of the individual school board”. AO-10-00, December 12, 2000.

- A parent requesting a religious exemption to compulsory attendance does not have the right to “record” the closed meeting. Such decision is left to the discretion of the school board. AO-19-00, December 15, 2000.

- Draft copies of public records must be disclosed. A master list of the date and time of classes to be offered, even if it is subject to revision, must be disclosed upon request. AO-3-00, October 2, 2000.

The Council’s Advisory opinions are available on the Internet at <http://foiacouncil.dls.virginia.gov>.

IX. CONCLUSION

The key to compliance with the Virginia Freedom of Information Act is threefold: (1) remember the purpose of the Act is to ensure ready access to records in the custody of public officials and free entry to meetings of public bodies where the business of the people is being conducted and to promote an increased awareness of governmental activities and afford every opportunity for the public to witness the operations of government since at all times the public is to be the beneficiary of any action taken at any level of government; (2) presume school board meetings and records are open unless specifically exempted or prohibited by law; and (3) always try to reach an agreement with the requester of public records.

**Virginia Freedom of Information Act
Va. Code § 2.2-3700 and following
(Effective, July 1, 2018)**

§ 2.2-3700. Short title; policy.

A. This chapter may be cited as "The Virginia Freedom of Information Act."

B. By enacting this chapter, the General Assembly ensures the people of the Commonwealth ready access to public records in the custody of a public body or its officers and employees, and free entry to meetings of public bodies wherein the business of the people is being conducted. The affairs of government are not intended to be conducted in an atmosphere of secrecy since at all times the public is to be the beneficiary of any action taken at any level of government. Unless a public body or its officers or employees specifically elect to exercise an exemption provided by this chapter or any other statute, every meeting shall be open to the public and all public records shall be available for inspection and copying upon request. All public records and meetings shall be presumed open, unless an exemption is properly invoked.

The provisions of this chapter shall be liberally construed to promote an increased awareness by all persons of governmental activities and afford every opportunity to citizens to witness the operations of government. Any exemption from public access to records or meetings shall be narrowly construed and no record shall be withheld or meeting closed to the public unless specifically made exempt pursuant to this chapter or other specific provision of law. This chapter shall not be construed to discourage the free discussion by government officials or employees of public matters with the citizens of the Commonwealth.

All public bodies and their officers and employees shall make reasonable efforts to reach an agreement with a requester concerning the production of the records requested.

Any ordinance adopted by a local governing body that conflicts with the provisions of this chapter shall be void.

§ 2.2-3701. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Closed meeting" means a meeting from which the public is excluded.

"Electronic communication" means the use of technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities to transmit or receive information.

"Emergency" means an unforeseen circumstance rendering the notice required by this chapter impossible or impracticable and which circumstance requires immediate action.

"Information" as used in the exclusions established by §§ 2.2-3705.1 through 2.2-3705.7, means the content within a public record that references a specifically identified subject matter, and shall not be interpreted to require the production of information that is not embodied in a public record.

"Meeting" or "meetings" means the meetings including work sessions, when sitting physically, or through electronic communication means pursuant to § 2.2-3708.2, as a body or entity, or as an informal assemblage of (i) as many as three members or (ii) a quorum, if less than three, of the constituent membership, wherever held, with or without minutes being taken, whether or not votes are cast, of any public body. Neither the gathering of employees of a public body nor the gathering or attendance of two or more members of a public body (a) at any place or function where no part of the purpose of such gathering or attendance is the discussion or transaction of any public business, and such gathering or attendance was not called or prearranged with any purpose of discussing or transacting any business of the public body, or (b) at a public forum, candidate appearance, or debate, the purpose of which is to inform the electorate and not to transact public business or

to hold discussions relating to the transaction of public business, even though the performance of the members individually or collectively in the conduct of public business may be a topic of discussion or debate at such public meeting, shall be deemed a "meeting" subject to the provisions of this chapter.

"Open meeting" or "public meeting" means a meeting at which the public may be present.

"Public body" means any legislative body, authority, board, bureau, commission, district or agency of the Commonwealth or of any political subdivision of the Commonwealth, including cities, towns and counties, municipal councils, governing bodies of counties, school boards and planning commissions; governing boards of public institutions of higher education; and other organizations, corporations or agencies in the Commonwealth supported wholly or principally by public funds. It shall include (i) the Virginia Birth-Related Neurological Injury Compensation Program and its board of directors established pursuant to Chapter 50 (§ 38.2-5000 et seq.) of Title 38.2 and (ii) any committee, subcommittee, or other entity however designated, of the public body created to perform delegated functions of the public body or to advise the public body. It shall not exclude any such committee, subcommittee or entity because it has private sector or citizen members. Corporations organized by the Virginia Retirement System are "public bodies" for purposes of this chapter.

For the purposes of the provisions of this chapter applicable to access to public records, constitutional officers and private police departments as defined in § 9.1-101 shall be considered public bodies and, except as otherwise expressly provided by law, shall have the same obligations to disclose public records as other custodians of public records.

"Public records" means all writings and recordings that consist of letters, words or numbers, or their equivalent, set down by handwriting, typewriting, printing, photostating, photography, magnetic impulse, optical or magneto-optical form, mechanical or electronic recording or other form

of data compilation, however stored, and regardless of physical form or characteristics, prepared or owned by, or in the possession of a public body or its officers, employees or agents in the transaction of public business.

"Regional public body" means a unit of government organized as provided by law within defined boundaries, as determined by the General Assembly, which unit includes two or more localities.

"Scholastic records" means those records containing information directly related to a student or an applicant for admission and maintained by a public body that is an educational agency or institution or by a person acting for such agency or institution.

§ 2.2-3702. Notice of chapter.

Any person elected, reelected, appointed or reappointed to any body not excepted from this chapter shall (i) be furnished by the public body's administrator or legal counsel with a copy of this chapter within two weeks following election, reelection, appointment or reappointment and (ii) read and become familiar with the provisions of this chapter.

§ 2.2-3703. Public bodies and records to which chapter inapplicable; voter registration and election records; access by persons incarcerated in a state, local, or federal correctional facility.

A. The provisions of this chapter shall not apply to:

1. The Virginia Parole Board, except that (i) information from the Virginia Parole Board providing the number of inmates considered by the Board for discretionary parole, the number of inmates granted or denied parole, and the number of parolees returned to the custody of the Department of Corrections solely as a result of a determination by the Board of a violation of parole shall be open to inspection and available for release, on a monthly basis, as provided by § 2.2-3704; (ii) all guidance documents, as defined in §

2.2-4101, shall be public records and subject to the provisions of this chapter; and (iii) all records concerning the finances of the Virginia Parole Board shall be public records and subject to the provisions of this chapter. The information required by clause (i) shall be furnished by offense, sex, race, age of the inmate, and the locality in which the conviction was obtained, upon the request of the party seeking the information. The information required by clause (ii) shall include all documents establishing the policy of the Board or any change in or clarification of such policy with respect to grant, denial, deferral, revocation, or supervision of parole or geriatric release or the process for consideration thereof, and shall be clearly and conspicuously posted on the Board's website. However, such information shall not include any portion of any document reflecting the application of any policy or policy change or clarification of such policy to an individual inmate;

2. Petit juries and grand juries;

3. Family assessment and planning teams established pursuant to § 2.2-5207;

4. The Virginia State Crime Commission; and

5. The records maintained by the clerks of the courts of record, as defined in § 1-212, for which clerks are custodians under § 17.1-242, and courts not of record, as defined in § 16.1-69.5, for which clerks are custodians under § 16.1-69.54, including those transferred for storage, maintenance, or archiving. Such records shall be requested in accordance with the provisions of §§ 16.1-69.54:1 and 17.1-208, as appropriate. However, other records maintained by the clerks of such courts shall be public records and subject to the provisions of this chapter.

B. Public access to voter registration and election records shall be governed by the provisions of Title 24.2 and this chapter. The provisions of Title 24.2 shall be controlling in the event of any conflict.

C. No provision of this chapter or Chapter 21 (§ 30-178 et seq.) of Title 30 shall be construed to

afford any rights to any person (i) incarcerated in a state, local or federal correctional facility, whether or not such facility is (a) located in the Commonwealth or (b) operated pursuant to the Corrections Private Management Act (§ 53.1-261 et seq.) or (ii) civilly committed pursuant to the Sexually Violent Predators Act (§ 37.2-900 et seq.). However, this subsection shall not be construed to prevent such persons from exercising their constitutionally protected rights, including, but not limited to, their right to call for evidence in their favor in a criminal prosecution.

§ 2.2-3703.1. Disclosure pursuant to court order or subpoena.

Nothing contained in this chapter shall have any bearing upon disclosures required to be made pursuant to any court order or subpoena. No discretionary exemption from mandatory disclosure shall be construed to make records covered by such discretionary exemption privileged under the rules of discovery, unless disclosure is otherwise prohibited by law.

§ 2.2-3704. Public records to be open to inspection; procedure for requesting records and responding to request; charges; transfer of records for storage, etc.

A. Except as otherwise specifically provided by law, all public records shall be open to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall be provided by the custodian in accordance with this chapter by inspection or by providing copies of the requested records, at the option of the requester. The custodian may require the requester to provide his name and legal address. The custodian of such records shall take all necessary precautions for their preservation and safekeeping.

B. A request for public records shall identify the requested records with reasonable specificity. The request need not make reference to this

chapter in order to invoke the provisions of this chapter or to impose the time limits for response by a public body. Any public body that is subject to this chapter and that is the custodian of the requested records shall promptly, but in all cases within five working days of receiving a request, provide the requested records to the requester or make one of the following responses in writing:

1. The requested records are being entirely withheld. Such response shall identify with reasonable particularity the volume and subject matter of withheld records, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

2. The requested records are being provided in part and are being withheld in part. Such response shall identify with reasonable particularity the subject matter of withheld portions, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

3. The requested records could not be found or do not exist. However, if the public body that received the request knows that another public body has the requested records, the response shall include contact information for the other public body.

4. It is not practically possible to provide the requested records or to determine whether they are available within the five-work-day period. Such response shall specify the conditions that make a response impossible. If the response is made within five working days, the public body shall have an additional seven work days in which to provide one of the four preceding responses.

C. Any public body may petition the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records or requires an extraordinarily lengthy search, and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with the petition, however, the public body shall

make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

D. Subject to the provisions of subsection G, no public body shall be required to create a new record if the record does not already exist. However, a public body may abstract or summarize information under such terms and conditions as agreed between the requester and the public body.

E. Failure to respond to a request for records shall be deemed a denial of the request and shall constitute a violation of this chapter.

F. A public body may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records. No public body shall impose any extraneous, intermediary, or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the public body. Any duplicating fee charged by a public body shall not exceed the actual cost of duplication. The public body may also make a reasonable charge for the cost incurred in supplying records produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than 50 acres. All charges for the supplying of requested records shall be estimated in advance at the request of the citizen.

G. Public records maintained by a public body in an electronic data processing system, computer database, or any other structured collection of data shall be made available to a requester at a reasonable cost, not to exceed the actual cost in accordance with subsection F. When electronic 7 or other databases are combined or contain exempt and nonexempt records, the public body

may provide access to the exempt records if not otherwise prohibited by law, but shall provide access to the nonexempt records as provided by this chapter.

Public bodies shall produce nonexempt records maintained in an electronic database in any tangible medium identified by the requester, including, where the public body has the capability, the option of posting the records on a website or delivering the records through an electronic mail address provided by the requester, if that medium is used by the public body in the regular course of business. No public body shall be required to produce records from an electronic database in a format not regularly used by the public body. However, the public body shall make reasonable efforts to provide records in any format under such terms and conditions as agreed between the requester and public body, including the payment of reasonable costs. The excision of exempt fields of information from a database or the conversion of data from one available format to another shall not be deemed the creation, preparation, or compilation of a new public record.

H. In any case where a public body determines in advance that charges for producing the requested records are likely to exceed \$200, the public body may, before continuing to process the request, require the requester to agree to payment of a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the requester.

I. Before processing a request for records, a public body may require the requester to pay any amounts owed to the public body for previous requests for records that remain unpaid 30 days or more after billing.

J. In the event a public body has transferred possession of public records to any entity,

including but not limited to any other public body, for storage, maintenance, or archiving, the public body initiating the transfer of such records shall remain the custodian of such records for purposes of responding to requests for public records made pursuant to this chapter and shall be responsible for retrieving and supplying such public records to the requester. In the event a public body has transferred public records for storage, maintenance, or archiving and such transferring public body is no longer in existence, any public body that is a successor to the transferring public body shall be deemed the custodian of such records. In the event no successor entity exists, the entity in possession of the public records shall be deemed the custodian of the records for purposes of compliance with this chapter, and shall retrieve and supply such records to the requester. Nothing in this subsection shall be construed to apply to records transferred to the Library of Virginia for permanent archiving pursuant to the duties imposed by the Virginia Public Records Act (§ 42.1-76 et seq.). In accordance with § 42.1-79, the Library of Virginia shall be the custodian of such permanently archived records and shall be responsible for responding to requests for such records made pursuant to this chapter.

§ 2.2-3704.01. Records containing both excluded and nonexcluded information; duty to redact.

No provision of this chapter is intended, nor shall it be construed or applied, to authorize a public body to withhold a public record in its entirety on the grounds that some portion of the public record is excluded from disclosure by this chapter or by any other provision of law. A public record may be withheld from disclosure in its entirety only to the extent that an exclusion from disclosure under this chapter or other provision of law applies to the entire content of the public record. Otherwise, only those portions of the public record containing information subject to an exclusion under this chapter or other provision of law may be withheld, and all portions of the public record that are not so excluded shall be disclosed.

§ 2.2-3704.1. Posting of notice of rights and responsibilities by state and local public bodies; assistance by the Freedom of Information Advisory Council.

A. All state public bodies subject to the provisions of this chapter, any county or city, any town with a population of more than 250, and any school board shall make available the following information to the public upon request and shall post a link to such information on the homepage of their respective official public government websites:

1. A plain English explanation of the rights of a requester under this chapter, the procedures to obtain public records from the public body, and the responsibilities of the public body in complying with this chapter. For purposes of this section, "plain English" means written in nontechnical, readily understandable language using words of common everyday usage and avoiding legal terms and phrases or other terms and words of art whose usage or special meaning primarily is limited to a particular field or profession;
2. Contact information for the FOIA officer designated by the public body pursuant to § 2.2-3704.2 to (i) assist a requester in making a request for records or (ii) respond to requests for public records;
3. A general description, summary, list, or index of the types of public records maintained by such public body;
4. A general description, summary, list, or index of any exemptions in law that permit or require such public records to be withheld from release;
5. Any policy the public body has concerning the type of public records it routinely withholds from release as permitted by this chapter or other law; and
6. The following statement: "A public body may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records. No public

body shall impose any extraneous, intermediary, or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the public body. Any duplicating fee charged by a public body shall not exceed the actual cost of duplication. All charges for the supplying of requested records shall be estimated in advance at the request of the citizen as set forth in subsection F of § 2.2-3704 of the Code of Virginia."

B. Any state public body subject to the provisions of this chapter and any county or city, and any town with a population of more than 250, shall post a link on its official public government website to the online public comment form on the Freedom of Information Advisory Council's website to enable any requester to comment on the quality of assistance provided to the requester by the public body.

C. The Freedom of Information Advisory Council, created pursuant to § 30-178, shall assist in the development and implementation of the provisions of subsection A, upon request.

§ 2.2-3704.2. Public bodies to designate FOIA officer.

A. All state public bodies, including state authorities, that are subject to the provisions of this chapter and all local public bodies that are subject to the provisions of this chapter, shall designate and publicly identify one or more Freedom of Information Act officers (FOIA officer) whose responsibility is to serve as a point of contact for members of the public in requesting public records and to coordinate the public body's compliance with the provisions of this chapter.

B. Any person who is the subject of such information and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. However, minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

a. Such member is unable to attend the meeting due to a temporary or permanent disability or other medical condition that prevents the member's physical attendance; or

The matters contained in such motion shall be set forth in detail in the minutes of the open meeting. A general reference to the provisions of this chapter, the authorized exemptions from open meeting requirements, or the subject matter of the closed meeting shall not be sufficient to satisfy the requirements for holding a closed meeting.

Prior to any such closed meeting for the purpose of interviewing candidates, the public body shall announce in an open meeting that such closed meeting shall be held at a disclosed or undisclosed location within 15 days thereafter.

C. The public body holding a closed meeting shall restrict its discussion during the closed meeting only to those matters specifically exempted from the provisions of this chapter and identified in the motion required by subsection A.

D. At the conclusion of any closed meeting, the public body holding such meeting shall immediately reconvene in an open meeting and shall take a roll call or other recorded vote to be included in the minutes of that body, certifying that to the best of each member's knowledge (i) only public business matters lawfully exempted from open meeting requirements under this chapter and (ii) only such public business matters as were identified in the motion by which the closed meeting was convened were heard, discussed or considered in the meeting by the public body. Any member of the public body who believes that there was a departure from the requirements of clauses (i) and (ii), shall so state prior to the vote, indicating the substance of the departure that, in his judgment, has taken place. The statement shall be recorded in the minutes of the public body.

E. Failure of the certification required by subsection D to receive the affirmative vote of a majority of the members of the public body present during a meeting shall not affect the validity or confidentiality of such meeting with respect to matters considered therein in compliance with the provisions of this chapter. The recorded vote and any statement made in connection therewith, shall upon proper authentication, constitute evidence in any proceeding brought to enforce the provisions of this chapter.

F. A public body may permit nonmembers to attend a closed meeting if such persons are deemed necessary or if their presence will reasonably aid the public body in its consideration of a topic that is a subject of the meeting.

G. A member of a public body shall be permitted to attend a closed meeting held by any committee or subcommittee of that public body, or a closed meeting of any entity, however designated, created to perform the delegated functions of or to advise that public body. Such member shall in all cases be permitted to observe the closed meeting of the committee, subcommittee or entity. In addition to the requirements of § 2.2-3707, the minutes of the committee or other entity shall

include the identity of the member of the parent public body who attended the closed meeting.

H. Except as specifically authorized by law, in no event may any public body take action on matters discussed in any closed meeting, except at an open meeting for which notice was given as required by § 2.2-3707.

I. Minutes may be taken during closed meetings of a public body, but shall not be required. Such minutes shall not be subject to mandatory public disclosure.

§ 2.2-3713. Proceedings for enforcement of chapter.

A. Any person, including the attorney for the Commonwealth acting in his official or individual capacity, denied the rights and privileges conferred by this chapter may proceed to enforce such rights and privileges by filing a petition for mandamus or injunction, supported by an affidavit showing good cause. Such petition may be brought in the name of the person notwithstanding that a request for public records was made by the person's attorney in his representative capacity. Venue for the petition shall be addressed as follows:

1. In a case involving a local public body, to the general district court or circuit court of the county or city from which the public body has been elected or appointed to serve and in which such rights and privileges were so denied;

2. In a case involving a regional public body, to the general district or circuit court of the county or city where the principal business office of such body is located; and

3. In a case involving a board, bureau, commission, authority, district, institution, or agency of the state government, including a public institution of higher education, or a standing or other committee of the General Assembly, to the general district court or the circuit court of the residence of the aggrieved party or of the City of Richmond.

B. In any action brought before a general district court, a corporate petitioner may appear through its officer, director or managing agent without the assistance of counsel, notwithstanding any provision of law or Rule of the Supreme Court of Virginia to the contrary.

C. Notwithstanding the provisions of § 8.01-644, the petition for mandamus or injunction shall be heard within seven days of the date when the same is made, provided the party against whom the petition is brought has received a copy of the petition at least three working days prior to filing. The hearing on any petition made outside of the regular terms of the circuit court of a locality that is included in a judicial circuit with another locality or localities shall be given precedence on the docket of such court over all cases that are not otherwise given precedence by law.

D. The petition shall allege with reasonable specificity the circumstances of the denial of the rights and privileges conferred by this chapter. A single instance of denial of the rights and privileges conferred by this chapter shall be sufficient to invoke the remedies granted herein. If the court finds the denial to be in violation of the provisions of this chapter, the petitioner shall be entitled to recover reasonable costs, including costs and reasonable fees for expert witnesses, and attorneys' fees from the public body if the petitioner substantially prevails on the merits of the case, unless special circumstances would make an award unjust. In making this determination, a court may consider, among other things, the reliance of a public body on an opinion of the Attorney General or a decision of a court that substantially supports the public body's position.

E. In any action to enforce the provisions of this chapter, the public body shall bear the burden of proof to establish an exclusion by a preponderance of the evidence. No court shall be required to accord any weight to the determination of a public body as to whether an exclusion applies. Any failure by a public body to follow the procedures established by this chapter shall be presumed to be a violation of this chapter.

F. Failure by any person to request and receive notice of the time and place of meetings as provided in § 2.2-3707 shall not preclude any person from enforcing his rights and privileges conferred by this chapter.

§ 2.2-3714. Violations and penalties.

In a proceeding commenced against any officer, employee, or member of a public body under § 2.2-3713 for a violation of § 2.2-3704, 2.2-3705.1 through 2.2-3705.7, 2.2-3706, 2.2-3707, 2.2-3708.2, 2.2-3710, 2.2-3711 or 2.2-3712, the court, if it finds that a violation was willfully and knowingly made, shall impose upon such officer, employee, or member in his individual capacity, whether a writ of mandamus or injunctive relief is awarded or not, a civil penalty of not less than \$500 nor more than \$2,000, which amount shall be paid into the State Literary Fund. APPENDIX

This Appendix includes the VSBA sample documents detailing a centralized procedure for handling requests for information under the Act. These items are intended to provide a consistent format for school division staff to follow when requests for information are made as well as create a record of who requested what and how the school division responded. **Local school boards may adopt, revise or disregard these documents.**

REGULAR SCHOOL BOARD MEETINGS

The School Board transacts all business at School Board meetings. The School Board does not vote by secret or written ballot. However, nothing prohibits separately contacting the membership, or any part thereof, of the School Board for the purpose of ascertaining a member's position with respect to the transaction of public business, whether such contact is done in person, by telephone or by electronic communication, provided the contact is done on a basis that does not constitute a meeting under the Virginia Freedom of Information Act.

All meetings of the School Board are open to the public, except as otherwise permitted by law.

No meeting is conducted through telephonic, video, electronic or other electronic communication means where the members are not physically assembled to discuss or transact public business, except as provided in Policy BDD Electronic Participation in Meetings from Remote Locations.

The School Board gives notice of its meetings in accordance with Policy BDDA Notification of School Board Meetings.

At least one copy of the proposed agenda and all agenda packets and, unless exempt, all materials furnished to the members of the School Board for a meeting are made available for public inspection at the same time such documents are furnished to the members of the School Board.

Any person may photograph, film, record or otherwise reproduce any portion of an open meeting. The School Board may adopt rules governing the placement and use of equipment necessary for broadcasting, photographing, filming or recording a meeting to prevent interference with the proceedings, but does not prohibit or otherwise prevent any person from photographing, filming, recording or otherwise reproducing any portion of an open meeting. The School Board does not conduct any open meeting in any building or facility where such recording devices are prohibited.

Minutes of all regular School Board meetings are recorded in accordance with Policy BDDG Minutes.

SPECIAL SCHOOL BOARD MEETINGS

The School Board holds special and continued meetings when necessary. Special meetings are held when called by the chairman or when requested by two or more members.¹ Special meetings may be called provided each member is duly notified, or a reasonable attempt has been made to notify each member.

Business that does not come within the purposes set forth in the call of the meeting is not transacted at any special meeting of the School Board unless the members present unanimously agree to consider additional items of business.

Notice, reasonable under the circumstances, of special or continued meetings is given contemporaneously with the notice provided to members of the School Board.

¹ Virginia law does not specify who may call a special meeting. Instead, it specifies that each school board shall specify its own procedure for calling and holding such meetings. Thus, if your Board prefers to specify a different method by which special meetings can be called, it may do so.

CLOSED MEETINGS

- A Closed meetings may be held by the School Board or any committee¹ thereof only in accordance with Virginia law, for purposes including the following:
1. Discussion, consideration or interviews of prospective candidates for employment; assignment, appointment, promotion, performance, demotion, salaries, disciplining or resignation of specific public officers, appointees or employees of the School Board. Any teacher shall be permitted to be present during a closed meeting in which there is a discussion or consideration of a disciplinary matter which involves the teacher and some student and the student involved in the matter is present, provided the teacher makes a written request to be present to the presiding officer of the School Board. The School Board may not, however, discuss the compensation of Board members in closed session.²
 2. Discussion or consideration of admission or disciplinary matters or any other matters that would involve the disclosure of information contained in a scholastic record concerning any student in the BLANK school system. However, any such student, legal counsel and, if the student is a minor, the student's parents or legal guardians shall be permitted to be present during the taking of testimony or presentation of evidence at a closed meeting, if such student, parents or guardians so request in writing and such request is submitted to the presiding officer of the School Board.
 3. Discussion or consideration of the acquisition of real property for a public purpose, or of the disposition of publicly held real property where discussion in an open meeting would adversely affect the bargaining position or negotiating strategy of the School Board.
 4. The protection of the privacy of individuals in personal matters not related to public business.
 5. Discussion concerning a prospective business or industry or the expansion of an existing business or industry where no previous announcement has been made of the business' or industry's interest in locating or expanding its facilities in the community.

FOOTNOTES ARE FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

¹ "Committee" includes subcommittees and other entities, however designated, of the School Board created to perform delegated functions of the Board or to advise the Board. It does not exclude any such committee, subcommittee or entity because it has private sector or citizen members.

² This sentence applies only to elected school boards; appointed boards should not include this sentence in their policies.

6. Discussion or consideration of the investment of public funds where competition or bargaining is involved, where if made public initially, the financial interest of the School Board would be adversely affected.
7. Consultation with legal counsel and briefings by staff members or consultants pertaining to actual or probable litigation, where such consultation or briefing in open meeting would adversely affect the negotiating or litigating posture of the School Board. For purposes of this subsection, "probable litigation" means litigation which has been specifically threatened or on which the School Board or its legal counsel has a reasonable basis to believe will be commenced by or against a known party. The closure of a meeting is not permitted merely because an attorney representing the School Board is in attendance or is consulted on a matter.
8. Consultation with legal counsel employed or retained by the School Board regarding specific legal matters requiring the provision of legal advice by such counsel. The closure of a meeting is not permitted merely because an attorney representing the School Board is in attendance or is consulted on a matter.
9. Discussion or consideration of honorary degrees or special awards.
10. Discussion or consideration of tests or examinations or other information used, administered or prepared by a public body and subject to the exclusion in subdivision 4 of Va. Code § 2.2-3705.1.
11. Discussion of strategy with respect to the negotiation of a hazardous waste siting agreement or to consider the terms, conditions, and provisions of a hazardous waste siting agreement if the School Board in open meeting finds that an open meeting will have an adverse effect upon the negotiating position of the School Board or the establishment of the terms, conditions and provisions of the siting agreement, or both. All discussions with the applicant or its representatives may be conducted in a closed meeting.
12. Discussion or consideration of medical and mental health records subject to the exclusion in subdivision 1 of Va. Code § 2.2-3705.5.
13. Discussion of plans to protect public safety as it relates to terrorist activity or specific cybersecurity threats or vulnerabilities and briefings by staff members, legal counsel or law-enforcement or emergency service officials concerning actions taken to respond to such matters or a related threat to public safety; discussion of information subject to the exclusion in subdivision 3 or 4 of Va. Code § 2.2-3705.2 where discussion in an open meeting would jeopardize the safety of any person or the security of any facility, building, structure, information technology system or software program; or discussion of reports or plans related to the security of any governmental facility, building or structure, or the safety of persons using such facility, building or structure.

14. Discussion or consideration of information subject to the exclusion in subdivision 11 of Va. Code § 2.2-3705.6 (the Public Private Education Facilities and Infrastructure Act) by the School Board or any independent review panel appointed to review information and advise the School Board concerning such information.
15. Discussion of the award of a public contract involving the expenditure of public funds, including interviews of bidders or offerors, and discussion of the terms or scope of such contract, where discussion in an open session would adversely affect the bargaining position or negotiating strategy of the School Board.
- B. No resolution, ordinance, rule, contract, regulation or motion adopted, passed or agreed to in a closed meeting shall become effective unless the School Board, following the meeting, reconvenes in open meeting and takes a vote of the membership on such resolution, ordinance, rule, contract, regulation or motion which shall have its substance reasonably identified in the open meeting.
- C. The School Board or any committee thereof may permit nonmembers to attend a closed meeting of the Board or committee if such persons are deemed necessary or if their presence will reasonably aid the Board or committee in its consideration of a topic which is a subject of the meeting.
- D. School Board members may attend closed meetings held by any committee or subcommittee of the Board, or a closed meeting of any entity, however designated, created to perform the delegated functions of or to advise the Board. School Board members shall in all cases be permitted to observe the closed meeting of the committee, subcommittee or entity. In addition to the requirements of Va. Code § 2.2-3707, the minutes of the committee or other entity shall include the identity of the School Board members who attended the closed meeting.

CALLING AND CERTIFICATION OF CLOSED MEETINGS

- A. No closed meetings shall be held by the School Board or any committee¹ thereof unless the School Board or committee has taken an affirmative recorded vote in an open meeting approving a motion which (i) identifies the subject matter, (ii) states the purpose of the meeting as authorized in Va. Code § 2.2-3711.A or other provision of law and (iii) cites the applicable exemption or exemptions from open meeting requirements provided in the Virginia Freedom of Information Act or other provision of law. The matters contained in such motion shall be set forth in detail in the minutes of the open meeting. A general reference to the provisions of the Virginia Freedom of Information Act or authorized exemptions from open meeting requirements, or the subject matter of the closed meeting shall not be sufficient to satisfy the requirements for holding a closed meeting.
- B. The School Board, or committee thereof, in holding a closed meeting, shall restrict its discussion during the closed meeting only to those purposes specifically exempted under the Virginia Freedom of Information Act and identified in the motion required in subsection A, above.
- C. At the conclusion of any closed meeting, the School Board or committee thereof shall immediately reconvene in an open meeting and shall take a roll call or other recorded vote to be included in the minutes, certifying that to the best of each member's knowledge (i) only public business matters lawfully exempted from open meeting requirements and (ii) only such public business matters as were identified in the motion by which the closed meeting was convened were heard, discussed or considered in the meeting. Any member of the Board or committee who believes that there was a departure from the requirements of subdivisions (i) and (ii) above, shall so state prior to the vote, indicating the substance of the departure that, in his judgment, has taken place. The statement shall be recorded in the minutes of the meeting.
- D. Failure of the certification required by subsection C, above, to receive the affirmative vote of a majority of the members present during a meeting shall not affect the validity or confidentiality of such meeting with respect to matters considered therein in compliance with these provisions. The recorded vote and any statement made in connection therewith, shall upon proper authentication, constitute evidence in any proceeding brought to enforce the Virginia Freedom of Information Act.

¹ "Committee" includes subcommittees and other entities, however designated, of the School Board created to perform delegated functions of the Board or to advise the Board. It does not exclude any such committee, subcommittee or entity because it has private sector or citizen members.

ELECTRONIC PARTICIPATION IN MEETINGS FROM REMOTE LOCATIONS

Except as provided hereafter, the School Board does not conduct any meeting wherein the public business is discussed or transacted through telephonic, video, electronic or other electronic communication means where the members are not physically assembled.¹ This policy is applied strictly and uniformly, without exception, to the entire membership of the School Board and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting.

For purposes of this policy, "electronic communication" means the use of technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities to transmit or receive information.

I. Quorum Physically Assembled

A. The School Board may conduct any meeting wherein the public business is discussed or transacted through electronic communication means if 1) on or before the day of a meeting, a member of the School Board notifies the chair that such member is unable to attend the meeting due to a temporary or permanent disability or other medical condition that prevents the member's physical attendance or that such member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter; and 2) the School Board approves the member's participation by a majority vote of the members present at the primary or central meeting location.

Participation by a School Board member by electronic communication means due to a personal matter is limited each calendar year to two meetings.

B. If participation by a School Board member through electronic communication means is approved pursuant to subsection A above, the School Board records in its minutes the remote location from which the member participated; however, the remote location need not be open to the public. If participation is approved due to a temporary or permanent disability or other medical condition, the School Board also includes in its minutes the fact that the member participated through electronic communication means due to a temporary or permanent disability or other medical condition that prevented the member's physical attendance. If participation is approved due to a personal matter, the School Board also includes in its minutes the specific nature of the personal matter cited by the member.

FOOTNOTE IS FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

¹ The Virginia Freedom of Information Act requires school boards to adopt a policy allowing for and governing the participation of its members by electronic communication means in order for such participation to occur. This policy satisfies that requirement.

If a School Board member's participation from a remote location due to a personal matter is disapproved, such disapproval is recorded in the minutes with specificity.

- C. A School Board member may participate in a meeting by electronic means pursuant to subsections A and B above only when:
- a quorum of the School Board is physically assembled at one primary or central meeting location; and
 - the School Board makes arrangements for the voice of the remote participant to be heard by all persons at the primary or central meeting location.

II. Quorum Not Physically Assembled

The School Board may meet by electronic communication means without a quorum physically assembled at one location when the Governor has declared a state of emergency in accordance with Va. Code § 44-146.17, provided

- the catastrophic nature of the declared emergency makes it impracticable or unsafe to assemble a quorum in a single location, and
- the purpose of the meeting is to address the emergency.

If it holds a meeting pursuant to this section, the School Board

- gives public notice using the best available method given the nature of the emergency contemporaneously with the notice provided members of the School Board; and
- makes arrangements for public access to the meeting.

For any meeting conducted pursuant to this section, the nature of the emergency, the fact that the meeting was held by electronic communication means and the type of electronic communication means by which the meeting was held are stated in the minutes of the meeting.

Rights & Responsibilities

The Rights of Requestors and the Responsibilities of BLANK Public Schools under the Virginia Freedom of Information Act

The Virginia Freedom of Information Act (FOIA), located at § 2.2-3700 et seq. of the Code of Virginia, guarantees citizens of the Commonwealth and representatives of the media access to public records held by public bodies, public officials and public employees.

A public record is any writing or recording – regardless of whether it is a paper record, an electronic file, an audio or video recording or record in any other format – that is prepared or owned by, or in the possession of a public body or its officers, employees or agents in the transaction of public business. All public records are presumed to be open to the public and may only be withheld if a specific statutory exemption applies.

The policy of FOIA is to promote an increased awareness by all persons of governmental activities. In furthering this policy, FOIA requires that the law be interpreted liberally, in favor of access, and that any exemption allowing public records to be withheld must be interpreted narrowly.

FOIA Rights

- A citizen of the Commonwealth has the right to request to inspect or receive copies of public records, or both.
- A citizen of the Commonwealth has the right to request that any charges for the requested records be estimated in advance.
- If a citizen of the Commonwealth believes that their FOIA rights have been violated, the citizen may file a petition in district or circuit court to compel compliance with FOIA. Alternatively, they may contact the FOIA Council for a nonbinding advisory opinion.

Making a Request for Records from BLANK Public Schools

- A citizen of the Commonwealth may request records by U.S. Mail, fax, e-mail, in person or over the phone. FOIA does not require that a request be in writing, nor that it specifically state that records are being requested under FOIA.
- As a practical matter, it may be helpful to both the requestor and the person receiving the request to put the request in writing. This creates a record of the request. It also gives us a clear statement of what records are requested, so that there is no misunderstanding over a verbal request. However, we cannot refuse to respond to a FOIA request if it is not put in writing.
- A request must identify the records sought with “reasonable specificity.” This is a common-sense standard. It does not refer to or limit the volume or number of records requested; instead, it requires the requestor to be specific enough so that we can identify and locate the records that are requested.
- A request must ask for existing records or documents. FOIA creates a right to inspect or copy records; it does not apply to general questions about the work of

BLANK Public Schools, nor does it require BLANK Public Schools to create a record that does not exist.

- A requestor may choose to receive electronic records in any format used by BLANK Public Schools in the regular course of business. For example, if requested records are maintained in an Excel file, the requestor you may elect to receive those records electronically, via e-mail or on a computer disk or to receive a printed copy of those records.
- If we have questions about a request, please cooperate with staff's efforts to clarify the type of records sought, or to attempt to reach a reasonable agreement about a response to a large request. Making a FOIA request is not an adversarial process, but we may need to discuss a request to ensure that we understand what records are being sought.

To request records from BLANK Public Schools, direct your request to BLANK Public Schools' designated Freedom of Information Act Officer (FOIA Officer) who is responsible for serving as a point of contact for members of the public who wish to request public records. The Blank Public Schools FOIA Officer is:

INSERT NAME AND CONTACT INFORMATION FOR FOIA OFFICER

In addition, the FOIA Advisory Council is available to answer questions about FOIA. The Council may be contacted by e-mail at foiacouncil@dls.virginia.gov or by phone at (804) 225-3056 or 1-866-448-4100.

BLANK Public Schools' Responsibilities in Responding to Your Request

BLANK Public Schools must respond to a request within five working days of receiving it. "Day One" is considered the day after the request is received. The 5-day period does not include weekends or holidays.

The reason behind a request for public records from BLANK Public Schools is irrelevant and a requestor does not have to state why they want the records before we respond to the request. FOIA does, however, allow BLANK Public Schools to require a requestor to provide their name and legal address.

FOIA requires that BLANK Public Schools make one of the following responses to a request within the 5-day time period:

1. We provide the records requested in their entirety.
2. We withhold all of the records requested, because all of the records are subject to a specific statutory exemption or exemptions. If all of the records are being withheld, we must send a response in writing. That writing must identify the volume and subject matter of the records withheld and state the specific section(s) of the Code of Virginia that allows us to withhold the records.
3. We provide some of the records requested, but withhold other records. We cannot withhold an entire record if only a portion of it is subject to an exemption. In that instance, we may redact the portion of the record that may be withheld, and must provide the remainder of the record. We must provide the requestor a

written response stating the specific section(s) of the Code of Virginia that allows portions of the requested records to be withheld.

4. We inform the requestor in writing that the requested records cannot be found or do not exist (we do not have the records requested). However, if we know that another public body has the requested records, we must include contact information for the other public body in our response.
5. If it is practically impossible for BLANK Public Schools to respond to the request within the 5-day period, we must state this in writing, explaining the conditions that make the response impossible. This will allow us 7 additional working days to respond to the request, giving us a total of 12 working days to respond to the request.

If a request is made for a very large number of records and we feel that we cannot provide the records within 12 working days without disrupting our other organizational responsibilities, we may petition the court for additional time to respond to the request. However, FOIA requires that we make a reasonable effort to reach an agreement with the requestor concerning the production of the records before we go to court to ask for more time.

Costs

BLANK Public Schools may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying or searching for the requested records. BLANK Public Schools will not impose any extraneous, intermediary or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the schools. Any duplicating fee charged by BLANK Public Schools will not exceed the actual cost of duplication. All charges for the supplying of requested records shall be estimated in advance at the request of the requestor as set forth in subsection Va. Code § 2.2-3704.F.

The requestor may have to pay for the records requested from the BLANK Public Schools. FOIA allows us to charge for the actual costs of responding to FOIA requests. This includes items like staff time spent searching for the requested records, copying costs or any other costs directly related to supplying the requested records. It does not include general overhead costs.

If we estimate that it will cost more than \$200 to respond to a request, we may require the requestor to pay a deposit, not to exceed the amount of the estimate, before proceeding with the request. The five days that we have to respond to the request does not include the time between when we ask for a deposit and when the requestor responds.

A requestor may request that we estimate in advance the charges for supplying the records requested. This will allow the requestor to know about any costs upfront, or give the requestor the opportunity to modify the request in an attempt to lower the estimated costs.

If a requestor owes us money from a previous FOIA request that has remained unpaid for more than 30 days, BLANK Public Schools may require payment of the past-due bill before it will respond to a new FOIA request.

Any written requests received by building personnel are immediately forwarded to the FOIA Officer with a notation indicating the date and time the request was received.

Responding to Requests

1. Promptly, but in all cases within five working days of receiving the request, the school division provides the requested records to the requester or makes one of the following responses in writing:
 - (a) The requested records are being entirely withheld. The response will identify with reasonable particularity the volume and subject matter of the withheld records, and, with respect to each category of withheld records, cite the specific Virginia Code section(s) or other law that authorizes the withholding of the records.
 - (b) The requested records are being provided in part and are being withheld in part. The response will identify with reasonable particularity the subject matter of the withheld portions and cite, with respect to each category of withheld records, the specific Virginia Code section(s) or other law which authorizes the withholding of the records.
 - (c) The requested records could not be found or do not exist. If the school division knows that another public body has the requested records, the response includes contact information for the other public body.
 - (d) It is not practically possible to provide the records or to determine whether they are available within the five-day period. Such response specifies the conditions which make a response impossible. If the response is made within five working days, one of the preceding responses is provided within an additional seven-day period.

No public record is withheld in its entirety on the grounds that some portion of the public record is excluded from disclosure by law. A public record may be withheld from disclosure in its entirety only to the extent that an exclusion from disclosure applies to the entire content of the public record. Otherwise, only those portions of

the public record containing information subject to an exclusion may be withheld, and all portions of the public record that are not so excluded are disclosed.

The school division may petition the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records or requires an extraordinarily lengthy search and a response within the time outlined above will prevent the school division from meeting its operational responsibilities. Before proceeding with the petition, the school division will make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

2. The five-day period begins on the first working day following the day the request is received by the school division, and ends at the close of business on the fifth working day following receipt of the request. Any time that elapses between the time the requester is notified of an advance cost determination pursuant to the procedures detailed below and the time that the requester responds to that notice is not counted in calculating the five working days.

Processing of Requests

1. The FOIA Officer, after receiving a request, promptly makes an initial determination as to whether the requested records will be provided to the requester, will be withheld, either completely or in part, or if it is practically impossible to provide the requested records or to determine whether they are available within five days.
2. If the FOIA Officer is unsure whether the requested documents should be provided to the requester, legal advice is promptly sought.
3. If the FOIA Officer is uncertain whether the requested records exist or where they may be located, efforts are promptly initiated to locate the records or determine whether they exist.
4. If the requested records will be made available either in whole or in part, the FOIA Officer promptly consults with School Board staff to determine the cost involved to assemble the records for inspection and copying. Where portions of individual records must be redacted prior to inspection and copying, the cost of doing this is taken into account. The following costs are charged at the rates indicated, not to exceed actual cost:

[SCHOOL BOARD SHALL FILL IN THE SCHEDULE BELOW WITH RATES NOT TO EXCEED ACTUAL COST. A RANGE OF RATES SHOULD BE INSERTED FOR STAFF MEMBER TIME]

- Staff member search time, charged by the quarter hour. Depending on the staff member(s) involved in the search, rates of ___ to ___ per quarter hour may apply.
- Computer search time, charged at the rate of ___ per quarter hour
- Computer printouts, charged at the rate of ___ cents per page
- Photocopies (including those necessary to perform redactions), charged at the rate of ___ cents per page.
- Incidental out-of-pocket costs necessary to assemble the records (for example: phone, postage, or courier charges).

5. If the requester has asked for an advance determination of the cost, or if the cost is expected to exceed \$ 200, the requester shall be notified in advance of the cost associated with the request. If the cost of the request is determined to exceed \$200, the School Board may, before continuing to process the request, require the requester to agree to payment of a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. No further action shall be taken until the requester responds, and the requester must agree to pay the estimated amount before any further processing of the request is performed.
6. Before processing a request for records, the FOIA Officer may require the requester to pay any amounts owed to the School Board for previous requests for records that remain unpaid 30 days or more after billing.
7. If school division records have been transferred to any entity, including any other public body, for storage, maintenance or archiving, the school division remains the custodian of the records for purposes of responding to requests and is responsible for retrieving and supplying the records to the requester.
8. Any records to be disclosed are assembled for inspection and copying by School Board staff, under the direction and supervision of the FOIA Officer.
9. School Board staff are responsible for recording the date the request was received, verifying photo identification and signature and recording and assembling additional information about the request as indicated on Form KBA-F1 Request for Public Records.

Title 2.2. Administration of Government

Chapter 37. Virginia Freedom of Information Act

§ 2.2-3700. Short title; policy.

A. This chapter may be cited as "The Virginia Freedom of Information Act."

B. By enacting this chapter, the General Assembly ensures the people of the Commonwealth ready access to public records in the custody of a public body or its officers and employees, and free entry to meetings of public bodies wherein the business of the people is being conducted. The affairs of government are not intended to be conducted in an atmosphere of secrecy since at all times the public is to be the beneficiary of any action taken at any level of government. Unless a public body or its officers or employees specifically elect to exercise an exemption provided by this chapter or any other statute, every meeting shall be open to the public and all public records shall be available for inspection and copying upon request. All public records and meetings shall be presumed open, unless an exemption is properly invoked.

The provisions of this chapter shall be liberally construed to promote an increased awareness by all persons of governmental activities and afford every opportunity to citizens to witness the operations of government. Any exemption from public access to records or meetings shall be narrowly construed and no record shall be withheld or meeting closed to the public unless specifically made exempt pursuant to this chapter or other specific provision of law. This chapter shall not be construed to discourage the free discussion by government officials or employees of public matters with the citizens of the Commonwealth.

All public bodies and their officers and employees shall make reasonable efforts to reach an agreement with a requester concerning the production of the records requested.

Any ordinance adopted by a local governing body that conflicts with the provisions of this chapter shall be void.

1968, c. 479, § 2.1-340; 1976, c. 467, § 2.1-340.1; 1989, c. 358; 1990, c. 538; 1999, cc. [703](#), [726](#); 2001, c. [844](#); 2002, c. [393](#).

The chapters of the acts of assembly referenced in the historical citation at the end of this section may not constitute a comprehensive list of such chapters and may exclude chapters whose provisions have expired.

§ 2.2-3701. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Closed meeting" means a meeting from which the public is excluded.

"Electronic communication" means the use of technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities to transmit or receive information.

"Emergency" means an unforeseen circumstance rendering the notice required by this chapter impossible or impracticable and which circumstance requires immediate action.

"Information" as used in the exclusions established by §§ [2.2-3705.1](#) through [2.2-3705.7](#), means the content within a public record that references a specifically identified subject matter, and shall not be interpreted to require the production of information that is not embodied in a public

record.

"Meeting" or "meetings" means the meetings including work sessions, when sitting physically, or through electronic communication means pursuant to § 2.2-3708.2, as a body or entity, or as an informal assemblage of (i) as many as three members or (ii) a quorum, if less than three, of the constituent membership, wherever held, with or without minutes being taken, whether or not votes are cast, of any public body. Neither the gathering of employees of a public body nor the gathering or attendance of two or more members of a public body (a) at any place or function where no part of the purpose of such gathering or attendance is the discussion or transaction of any public business, and such gathering or attendance was not called or prearranged with any purpose of discussing or transacting any business of the public body, or (b) at a public forum, candidate appearance, or debate, the purpose of which is to inform the electorate and not to transact public business or to hold discussions relating to the transaction of public business, even though the performance of the members individually or collectively in the conduct of public business may be a topic of discussion or debate at such public meeting, shall be deemed a "meeting" subject to the provisions of this chapter.

"Open meeting" or "public meeting" means a meeting at which the public may be present.

"Public body" means any legislative body, authority, board, bureau, commission, district or agency of the Commonwealth or of any political subdivision of the Commonwealth, including cities, towns and counties, municipal councils, governing bodies of counties, school boards and planning commissions; governing boards of public institutions of higher education; and other organizations, corporations or agencies in the Commonwealth supported wholly or principally by public funds. It shall include (i) the Virginia Birth-Related Neurological Injury Compensation Program and its board of directors established pursuant to Chapter 50 (§ 38.2-5000 et seq.) of Title 38.2 and (ii) any committee, subcommittee, or other entity however designated, of the public body created to perform delegated functions of the public body or to advise the public body. It shall not exclude any such committee, subcommittee or entity because it has private sector or citizen members. Corporations organized by the Virginia Retirement System are "public bodies" for purposes of this chapter.

For the purposes of the provisions of this chapter applicable to access to public records, constitutional officers and private police departments as defined in § 9.1-101 shall be considered public bodies and, except as otherwise expressly provided by law, shall have the same obligations to disclose public records as other custodians of public records.

"Public records" means all writings and recordings that consist of letters, words or numbers, or their equivalent, set down by handwriting, typewriting, printing, photostating, photography, magnetic impulse, optical or magneto-optical form, mechanical or electronic recording or other form of data compilation, however stored, and regardless of physical form or characteristics, prepared or owned by, or in the possession of a public body or its officers, employees or agents in the transaction of public business.

"Regional public body" means a unit of government organized as provided by law within defined boundaries, as determined by the General Assembly, which unit includes two or more localities.

"Scholastic records" means those records containing information directly related to a student or an applicant for admission and maintained by a public body that is an educational agency or institution or by a person acting for such agency or institution.

The chapters of the acts of assembly referenced in the historical citation at the end of this section may not constitute a comprehensive list of such chapters and may exclude chapters whose provisions have expired.

§ 2.2-3702. Notice of chapter.

Any person elected, reelected, appointed or reappointed to any body not excepted from this chapter shall (i) be furnished by the public body's administrator or legal counsel with a copy of this chapter within two weeks following election, reelection, appointment or reappointment and (ii) read and become familiar with the provisions of this chapter.

1976, c. 467, § 2.1-341.1; 1999, cc. 703, 726; 2001, c. 844; 2002, c. 393.

The chapters of the acts of assembly referenced in the historical citation at the end of this section may not constitute a comprehensive list of such chapters and may exclude chapters whose provisions have expired.

§ 2.2-3703. Public bodies and records to which chapter inapplicable; voter registration and election records; access by persons incarcerated in a state, local, or federal correctional facility.

A. The provisions of this chapter shall not apply to:

1. The Virginia Parole Board, except that (i) information from the Virginia Parole Board providing the number of inmates considered by the Board for discretionary parole, the number of inmates granted or denied parole, and the number of parolees returned to the custody of the Department of Corrections solely as a result of a determination by the Board of a violation of parole shall be open to inspection and available for release, on a monthly basis, as provided by § 2.2-3704; (ii) all guidance documents, as defined in § 2.2-4101, shall be public records and subject to the provisions of this chapter; and (iii) all records concerning the finances of the Virginia Parole Board shall be public records and subject to the provisions of this chapter. The information required by clause (i) shall be furnished by offense, sex, race, age of the inmate, and the locality in which the conviction was obtained, upon the request of the party seeking the information. The information required by clause (ii) shall include all documents establishing the policy of the Board or any change in or clarification of such policy with respect to grant, denial, deferral, revocation, or supervision of parole or geriatric release or the process for consideration thereof, and shall be clearly and conspicuously posted on the Board's website. However, such information shall not include any portion of any document reflecting the application of any policy or policy change or clarification of such policy to an individual inmate;
2. Petit juries and grand juries;
3. Family assessment and planning teams established pursuant to § 2.2-5207;
4. The Virginia State Crime Commission; and
5. The records maintained by the clerks of the courts of record, as defined in § 1-212, for which

clerks are custodians under § 17.1-242, and courts not of record, as defined in § 16.1-69.5, for which clerks are custodians under § 16.1-69.54, including those transferred for storage, maintenance, or archiving. Such records shall be requested in accordance with the provisions of §§ 16.1-69.54:1 and 17.1-208, as appropriate. However, other records maintained by the clerks of such courts shall be public records and subject to the provisions of this chapter.

B. Public access to voter registration and election records shall be governed by the provisions of Title 24.2 and this chapter. The provisions of Title 24.2 shall be controlling in the event of any conflict.

C. No provision of this chapter or Chapter 21 (§ 30-178 et seq.) of Title 30 shall be construed to afford any rights to any person (i) incarcerated in a state, local or federal correctional facility, whether or not such facility is (a) located in the Commonwealth or (b) operated pursuant to the Corrections Private Management Act (§ 53.1-261 et seq.) or (ii) civilly committed pursuant to the Sexually Violent Predators Act (§ 37.2-900 et seq.). However, this subsection shall not be construed to prevent such persons from exercising their constitutionally protected rights, including, but not limited to, their right to call for evidence in their favor in a criminal prosecution.

1999, cc. 703, 726, § 2.1-341.2; 2001, c. 844; 2003, cc. 989, 1018; 2004, cc. 398, 690; 2007, cc. 438, 548, 626; 2017, c. 620; 2018, cc. 127, 584.

The chapters of the acts of assembly referenced in the historical citation at the end of this section may not constitute a comprehensive list of such chapters and may exclude chapters whose provisions have expired.

§ 2.2-3703.1. Disclosure pursuant to court order or subpoena.

Nothing contained in this chapter shall have any bearing upon disclosures required to be made pursuant to any court order or subpoena. No discretionary exemption from mandatory disclosure shall be construed to make records covered by such discretionary exemption privileged under the rules of discovery, unless disclosure is otherwise prohibited by law.

2014, c. 319.

The chapters of the acts of assembly referenced in the historical citation at the end of this section may not constitute a comprehensive list of such chapters and may exclude chapters whose provisions have expired.

§ 2.2-3704. Public records to be open to inspection; procedure for requesting records and responding to request; charges; transfer of records for storage, etc.

A. Except as otherwise specifically provided by law, all public records shall be open to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall be provided by the custodian in accordance with this chapter by inspection or by providing copies of the requested records, at the option of the requester. The custodian may require the requester to provide his name and legal address. The custodian of such records shall take all necessary precautions for their preservation and safekeeping.

B. A request for public records shall identify the requested records with reasonable specificity.

The request need not make reference to this chapter in order to invoke the provisions of this chapter or to impose the time limits for response by a public body. Any public body that is subject to this chapter and that is the custodian of the requested records shall promptly, but in all cases within five working days of receiving a request, provide the requested records to the requester or make one of the following responses in writing:

1. The requested records are being entirely withheld. Such response shall identify with reasonable particularity the volume and subject matter of withheld records, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.
 2. The requested records are being provided in part and are being withheld in part. Such response shall identify with reasonable particularity the subject matter of withheld portions, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.
 3. The requested records could not be found or do not exist. However, if the public body that received the request knows that another public body has the requested records, the response shall include contact information for the other public body.
 4. It is not practically possible to provide the requested records or to determine whether they are available within the five-work-day period. Such response shall specify the conditions that make a response impossible. If the response is made within five working days, the public body shall have an additional seven work days in which to provide one of the four preceding responses.
- C. Any public body may petition the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records or requires an extraordinarily lengthy search, and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with the petition, however, the public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.
- D. Subject to the provisions of subsection G, no public body shall be required to create a new record if the record does not already exist. However, a public body may abstract or summarize information under such terms and conditions as agreed between the requester and the public body.
- E. Failure to respond to a request for records shall be deemed a denial of the request and shall constitute a violation of this chapter.
- F. A public body may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records. No public body shall impose any extraneous, intermediary, or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the public body. Any duplicating fee charged by a public body shall not exceed the actual cost of duplication. The public body may also make a reasonable charge for the cost incurred in supplying records produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than 50 acres. All

charges for the supplying of requested records shall be estimated in advance at the request of the citizen.

G. Public records maintained by a public body in an electronic data processing system, computer database, or any other structured collection of data shall be made available to a requester at a reasonable cost, not to exceed the actual cost in accordance with subsection F. When electronic or other databases are combined or contain exempt and nonexempt records, the public body may provide access to the exempt records if not otherwise prohibited by law, but shall provide access to the nonexempt records as provided by this chapter.

Public bodies shall produce nonexempt records maintained in an electronic database in any tangible medium identified by the requester, including, where the public body has the capability, the option of posting the records on a website or delivering the records through an electronic mail address provided by the requester, if that medium is used by the public body in the regular course of business. No public body shall be required to produce records from an electronic database in a format not regularly used by the public body. However, the public body shall make reasonable efforts to provide records in any format under such terms and conditions as agreed between the requester and public body, including the payment of reasonable costs. The excision of exempt fields of information from a database or the conversion of data from one available format to another shall not be deemed the creation, preparation, or compilation of a new public record.

H. In any case where a public body determines in advance that charges for producing the requested records are likely to exceed \$200, the public body may, before continuing to process the request, require the requester to agree to payment of a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the requester.

I. Before processing a request for records, a public body may require the requester to pay any amounts owed to the public body for previous requests for records that remain unpaid 30 days or more after billing.

J. In the event a public body has transferred possession of public records to any entity, including but not limited to any other public body, for storage, maintenance, or archiving, the public body initiating the transfer of such records shall remain the custodian of such records for purposes of responding to requests for public records made pursuant to this chapter and shall be responsible for retrieving and supplying such public records to the requester. In the event a public body has transferred public records for storage, maintenance, or archiving and such transferring public body is no longer in existence, any public body that is a successor to the transferring public body shall be deemed the custodian of such records. In the event no successor entity exists, the entity in possession of the public records shall be deemed the custodian of the records for purposes of compliance with this chapter, and shall retrieve and supply such records to the requester. Nothing in this subsection shall be construed to apply to records transferred to the Library of Virginia for permanent archiving pursuant to the duties imposed by the Virginia Public Records Act (§ 42.1-76 et seq.). In accordance with § 42.1-79, the Library of Virginia shall be the custodian of such permanently archived records and shall be responsible for responding to requests for such records made pursuant to this chapter.

§ 2.2-3704.01. Records containing both excluded and nonexcluded information; duty to redact.

No provision of this chapter is intended, nor shall it be construed or applied, to authorize a public body to withhold a public record in its entirety on the grounds that some portion of the public record is excluded from disclosure by this chapter or by any other provision of law. A public record may be withheld from disclosure in its entirety only to the extent that an exclusion from disclosure under this chapter or other provision of law applies to the entire content of the public record. Otherwise, only those portions of the public record containing information subject to an exclusion under this chapter or other provision of law may be withheld, and all portions of the public record that are not so excluded shall be disclosed.

A. The following information contained in a public record is excluded from the mandatory disclosure provisions of this chapter but may be disclosed by the custodian in his discretion, except as provided in subsection B or where such disclosure is otherwise prohibited by law. Redaction of information excluded under this section from a public record shall be conducted in accordance with § [2.2-3704.01](#).

1. Scholastic records containing information concerning identifiable individuals, except that such access shall not be denied to the person who is the subject thereof, or the parent or legal guardian of the student. However, no student shall have access to (i) financial records of a parent or guardian or (ii) records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereto, that are in the sole possession of the maker thereof and that are not accessible or revealed to any other person except a substitute.

The parent or legal guardian of a student may prohibit, by written request, the release of any individual information regarding that student until the student reaches the age of 18 years. For scholastic records of students under the age of 18 years, the right of access may be asserted only by his legal guardian or parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. For scholastic records of students who are emancipated or attending a public institution of higher education in the Commonwealth, the right of access may be asserted by the student.

Any person who is the subject of any scholastic record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, such records shall be disclosed.

2. Confidential letters and statements of recommendation placed in the records of educational agencies or institutions respecting (i) admission to any educational agency or institution, (ii) an application for employment or promotion, or (iii) receipt of an honor or honorary recognition.

3. Information held by the Brown v. Board of Education Scholarship Committee that would reveal personally identifiable information, including scholarship applications, personal financial information, and confidential correspondence and letters of recommendation.

4. Information of a proprietary nature produced or collected by or for faculty or staff of public institutions of higher education, other than the institutions' financial or administrative records, in the conduct of or as a result of study or research on medical, scientific, technical or scholarly issues, whether sponsored by the institution alone or in conjunction with a governmental body or a private concern, where such information has not been publicly released, published, copyrighted or patented.

Nothing in this subdivision, however, shall be construed to prevent the disclosure of information relating to the amount, date, purpose, and terms of the pledge or donation, or the identity of the donor unless the donor has requested anonymity in connection with or as a condition of making a pledge or donation. The exclusion provided by this subdivision shall not apply to protect from disclosure (i) the identities of sponsors providing grants to or contracting with the institution for the performance of research services or other work or (ii) the terms and conditions of such grants or contracts.

8. Information held by a threat assessment team established by a local school board pursuant to § 22.1-79.4 or by a public institution of higher education pursuant to § 23.1-805 relating to the assessment or intervention with a specific individual. However, in the event an individual who has been under assessment commits an act, or is prosecuted for the commission of an act that has caused the death of, or caused serious bodily injury, including any felony sexual assault, to another person, such information of the threat assessment team concerning the individual under assessment shall be made available as provided by this chapter, with the exception of any criminal history records obtained pursuant to § 19.2-389 or 19.2-389.1, health records obtained pursuant to § 32.1-127.1:03, or scholastic records as defined in § 22.1-289. § 2.2-3706. Disclosure of law-enforcement and criminal records; limitations.

A. Records required to be released. All public bodies engaged in criminal law-enforcement activities shall provide the following records when requested in accordance with the provisions of this chapter:

1. Criminal incident information relating to felony offenses, which shall include:

- a. A general description of the criminal activity reported;
- b. The date the alleged crime was committed;
- c. The general location where the alleged crime was committed;
- d. The identity of the investigating officer or other point of contact; and
- e. A general description of any injuries suffered or property damaged or stolen.

A verbal response as agreed to by the requester and the public body is sufficient to satisfy the requirements of subdivision 1.

Where the release of criminal incident information, however, is likely to jeopardize an ongoing investigation or prosecution or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence, such information may be withheld until the above-referenced damage is no longer likely to occur from release of the information. Nothing in subdivision 1 shall be construed to authorize the withholding of those portions of such information that are not likely to cause the above-referenced damage;

2. Adult arrestee photographs taken during the initial intake following the arrest and as part of the routine booking procedure, except when necessary to avoid jeopardizing an investigation in felony cases until such time as the release of the photograph will no longer jeopardize the investigation;
3. Information relative to the identity of any individual, other than a juvenile, who is arrested and charged, and the status of the charge or arrest; and
4. Records of completed unattended death investigations to the parent or spouse of the decedent or, if there is no living parent or spouse, to the most immediate family member of the decedent, provided the person is not a person of interest or a suspect. For the purposes of this subdivision, "unattended death" means a death determined to be a suicide, accidental or natural death where no criminal charges will be initiated, and "immediate family" means the decedent's personal representative or, if no personal representative has qualified, the decedent's next of kin in order of intestate succession as set forth in § [64.2-200](#).

B. Discretionary releases. The following records are excluded from the mandatory disclosure provisions of this chapter, but may be disclosed by the custodian, in his discretion, except where such disclosure is prohibited by law:

1. Criminal investigative files, defined as any documents and information, including complaints, court orders, memoranda, notes, diagrams, maps, photographs, correspondence, reports, witness statements, and evidence relating to a criminal investigation or prosecution, other than criminal incident information subject to release in accordance with subdivision A 1;
2. Reports submitted in confidence to (i) state and local law-enforcement agencies, (ii) investigators authorized pursuant to Chapter 3.2 (§ [2.2-307](#) et seq.), and (iii) campus police departments of public institutions of higher education established pursuant to Article 3 (§ [23.1-809](#) et seq.) of Chapter 8 of Title 23.1;
3. Records of local law-enforcement agencies relating to neighborhood watch programs that include the names, addresses, and operating schedules of individual participants in the program that are provided to such agencies under a promise of anonymity;

4. All records of persons imprisoned in penal institutions in the Commonwealth provided such records relate to the imprisonment;
 5. Records of law-enforcement agencies, to the extent that such records contain specific tactical plans, the disclosure of which would jeopardize the safety or security of law-enforcement personnel or the general public;
 6. All records of adult persons under (i) investigation or supervision by a local pretrial services agency in accordance with Article 5 (§ 19.2-152.2 et seq.) of Chapter 9 of Title 19.2; (ii) investigation, probation supervision, or monitoring by a local community-based probation services agency in accordance with Article 9 (§ 9.1-173 et seq.) of Chapter 1 of Title 9.1; or (iii) investigation or supervision by state probation and parole services in accordance with Article 2 (§ 53.1-141 et seq.) of Chapter 4 of Title 53.1;
 7. Records of a law-enforcement agency to the extent that they disclose the telephone numbers for cellular telephones, pagers, or comparable portable communication devices provided to its personnel for use in the performance of their official duties;
 8. Those portions of any records containing information related to undercover operations or protective details that would reveal the staffing, logistics, or tactical plans of such undercover operations or protective details. Nothing in this subdivision shall operate to allow the withholding of information concerning the overall costs or expenses associated with undercover operations or protective details;
 9. Records of (i) background investigations of applicants for law-enforcement agency employment, (ii) administrative investigations relating to allegations of wrongdoing by employees of a law-enforcement agency, and (iii) other administrative investigations conducted by law-enforcement agencies that are made confidential by law;
 10. The identity of any victim, witness, or undercover officer, or investigative techniques or procedures. However, the identity of any victim or witness shall be withheld if disclosure is prohibited or restricted under § 19.2-11.2; and
 11. Records of the Sex Offender and Crimes Against Minors Registry maintained by the Department of State Police pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, including information obtained from state, local, and regional officials, except to the extent that information is required to be posted on the Internet pursuant to § 9.1-913.
- C. Prohibited releases. The identity of any individual providing information about a crime or criminal activity under a promise of anonymity shall not be disclosed.
- D. Noncriminal records. Public bodies (i) engaged in emergency medical services, (ii) engaged in fire protection services, (iii) engaged in criminal law-enforcement activities, or (iv) engaged in processing calls for service or other communications to an emergency 911 system or any other equivalent reporting system may withhold those portions of noncriminal incident or other noncriminal investigative reports or materials that contain identifying information of a personal, medical, or financial nature where the release of such information would jeopardize the safety or privacy of any person. Access to personnel records of persons employed by a law-enforcement agency shall be governed by the provisions of subdivision B 9 of this section and subdivision 1 of § 2.2-3705.1, as applicable.

E. Records of any call for service or other communication to an emergency 911 system or communicated with any other equivalent reporting system shall be subject to the provisions of this chapter.

F. Conflict resolution. In the event of conflict between this section as it relates to requests made under this section and other provisions of law, this section shall control.

E. Any person may annually file a written request for notification with a public body. The request shall include the requester's name, address, zip code, daytime telephone number, electronic mail address, if available, and organization, if any. The public body receiving such request shall provide notice of all meetings directly to each such person. Without objection by the person, the public body may provide electronic notice of all meetings in response to such requests.

appointed by the Governor shall state whether or not public comment will be received at the meeting and, if so, the approximate point during the meeting when public comment will be received.

G. Any person may photograph, film, record or otherwise reproduce any portion of a meeting required to be open. The public body conducting the meeting may adopt rules governing the placement and use of equipment necessary for broadcasting, photographing, filming or recording a meeting to prevent interference with the proceedings, but shall not prohibit or otherwise prevent any person from photographing, filming, recording, or otherwise reproducing any portion of a meeting required to be open. Minutes, including draft minutes, and all other records of open meetings, including audio or audio/visual records shall be deemed public records and subject to the provisions of this chapter.

Minutes shall be in writing and shall include (a) the date, time, and location of the meeting; (b) the members of the public body recorded as present and absent; and (c) a summary of the discussion on matters proposed, deliberated or decided, and a record of any votes taken. A. The following provisions apply to all public bodies:

1. Subject to the requirements of subsection C, all public bodies may conduct any meeting wherein the public business is discussed or transacted through electronic communication means if, on or before the day of a meeting, a member of the public body holding the meeting notifies

the chair of the public body that:

- a. Such member is unable to attend the meeting due to a temporary or permanent disability or other medical condition that prevents the member's physical attendance; or
- b. Such member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter. Participation by a member pursuant to this subdivision is limited each calendar year to two meetings.

2. If participation by a member through electronic communication means is approved pursuant to subdivision 1, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public. If participation is approved pursuant to subdivision 1 a, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to a temporary or permanent disability or other medical condition that prevented the member's physical attendance. If participation is approved pursuant to subdivision 1 b, the public body shall also include in its minutes the specific nature of the personal matter cited by the member.

If a member's participation from a remote location pursuant to subdivision 1 b is disapproved because such participation would violate the policy adopted pursuant to subsection C, such disapproval shall be recorded in the minutes with specificity.

3. Any public body may meet by electronic communication means without a quorum of the public body physically assembled at one location when the Governor has declared a state of emergency in accordance with § 44-146.17, provided that (i) the catastrophic nature of the declared emergency makes it impracticable or unsafe to assemble a quorum in a single location and (ii) the purpose of the meeting is to address the emergency. The public body convening a meeting in accordance with this subdivision shall:

- a. Give public notice using the best available method given the nature of the emergency, which notice shall be given contemporaneously with the notice provided to members of the public body conducting the meeting;
- b. Make arrangements for public access to such meeting; and
- c. Otherwise comply with the provisions of this section.

The nature of the emergency, the fact that the meeting was held by electronic communication means, and the type of electronic communication means by which the meeting was held shall be stated in the minutes.

B. The following provisions apply to regional public bodies:

1. Subject to the requirements in subsection C, regional public bodies may also conduct any meeting wherein the public business is discussed or transacted through electronic communication means if, on the day of a meeting, a member of a regional public body notifies the chair of the public body that such member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting.
2. If participation by a member through electronic communication means is approved pursuant to this subsection, the public body holding the meeting shall record in its minutes the remote

location from which the member participated; however, the remote location need not be open to the public.

If a member's participation from a remote location is disapproved because such participation would violate the policy adopted pursuant to subsection C, such disapproval shall be recorded in the minutes with specificity.

C. Participation by a member of a public body in a meeting through electronic communication means pursuant to subsections A and B shall be authorized only if the following conditions are met:

1. The public body has adopted a written policy allowing for and governing participation of its members by electronic communication means, including an approval process for such participation, subject to the express limitations imposed by this section. Once adopted, the policy shall be applied strictly and uniformly, without exception, to the entire membership and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting;
2. A quorum of the public body is physically assembled at one primary or central meeting location; and
3. The public body makes arrangements for the voice of the remote participant to be heard by all persons at the primary or central meeting location.

D. The following provisions apply to state public bodies:

1. Except as provided in subsection D of § [2.2-3707.01](#), state public bodies may also conduct any meeting wherein the public business is discussed or transacted through electronic communication means, provided that (i) a quorum of the public body is physically assembled at one primary or central meeting location, (ii) notice of the meeting has been given in accordance with subdivision 2, and (iii) members of the public are provided a substantially equivalent electronic communication means through which to witness the meeting. For the purposes of this subsection, "witness" means observe or listen.

If a state public body holds a meeting through electronic communication means pursuant to this subsection, it shall also hold at least one meeting annually where members in attendance at the meeting are physically assembled at one location and where no members participate by electronic communication means.

2. Notice of any regular meeting held pursuant to this subsection shall be provided at least three working days in advance of the date scheduled for the meeting. Notice, reasonable under the circumstance, of special, emergency, or continued meetings held pursuant to this section shall be given contemporaneously with the notice provided to members of the public body conducting the meeting. For the purposes of this subsection, "continued meeting" means a meeting that is continued to address an emergency or to conclude the agenda of a meeting for which proper notice was given.

The notice shall include the date, time, place, and purpose for the meeting; shall identify the primary or central meeting location and any remote locations that are open to the public pursuant to subdivision 4; shall include notice as to the electronic communication means by which members of the public may witness the meeting; and shall include a telephone number that may be used to notify the primary or central meeting location of any interruption in the

telephonic or video broadcast of the meeting. Any interruption in the telephonic or video broadcast of the meeting shall result in the suspension of action at the meeting until repairs are made and public access is restored.

3. A copy of the proposed agenda and agenda packets and, unless exempt, all materials that will be distributed to members of a public body for a meeting shall be made available for public inspection at the same time such documents are furnished to the members of the public body conducting the meeting.

4. Public access to the remote locations from which additional members of the public body participate through electronic communication means shall be encouraged but not required. However, if three or more members are gathered at the same remote location, then such remote location shall be open to the public.

5. If access to remote locations is afforded, (i) all persons attending the meeting at any of the remote locations shall be afforded the same opportunity to address the public body as persons attending at the primary or central location and (ii) a copy of the proposed agenda and agenda packets and, unless exempt, all materials that will be distributed to members of the public body for the meeting shall be made available for inspection by members of the public attending the meeting at any of the remote locations at the time of the meeting.

6. The public body shall make available to the public at any meeting conducted in accordance with this subsection a public comment form prepared by the Virginia Freedom of Information Advisory Council in accordance with § [30-179](#).

7. Minutes of all meetings held by electronic communication means shall be recorded as required by § 2.2-3707. Votes taken during any meeting conducted through electronic communication means shall be recorded by name in roll-call fashion and included in the minutes. For emergency meetings held by electronic communication means, the nature of the emergency shall be stated in the minutes.

8. Any authorized state public body that meets by electronic communication means pursuant to this subsection shall make a written report of the following to the Virginia Freedom of Information Advisory Council by December 15 of each year:

§ 2.2-3712. Closed meetings procedures; certification of proceedings.

A. No closed meeting shall be held unless the public body proposing to convene such meeting has taken an affirmative recorded vote in an open meeting approving a motion that (i) identifies the

subject matter, (ii) states the purpose of the meeting as authorized in subsection A of § 2.2-3711 or other provision of law and (iii) cites the applicable exemption from open meeting requirements provided in subsection A of § 2.2-3711 or other provision of law. The matters contained in such motion shall be set forth in detail in the minutes of the open meeting. A general reference to the provisions of this chapter, the authorized exemptions from open meeting requirements, or the subject matter of the closed meeting shall not be sufficient to satisfy the requirements for holding a closed meeting.

B. The notice provisions of this chapter shall not apply to closed meetings of any public body held solely for the purpose of interviewing candidates for the position of chief administrative officer. Prior to any such closed meeting for the purpose of interviewing candidates, the public body shall announce in an open meeting that such closed meeting shall be held at a disclosed or undisclosed location within 15 days thereafter.

C. The public body holding a closed meeting shall restrict its discussion during the closed meeting only to those matters specifically exempted from the provisions of this chapter and identified in the motion required by subsection A.

D. At the conclusion of any closed meeting, the public body holding such meeting shall immediately reconvene in an open meeting and shall take a roll call or other recorded vote to be included in the minutes of that body, certifying that to the best of each member's knowledge (i) only public business matters lawfully exempted from open meeting requirements under this chapter and (ii) only such public business matters as were identified in the motion by which the closed meeting was convened were heard, discussed or considered in the meeting by the public body. Any member of the public body who believes that there was a departure from the requirements of clauses (i) and (ii), shall so state prior to the vote, indicating the substance of the departure that, in his judgment, has taken place. The statement shall be recorded in the minutes of the public body.

E. Failure of the certification required by subsection D to receive the affirmative vote of a majority of the members of the public body present during a meeting shall not affect the validity or confidentiality of such meeting with respect to matters considered therein in compliance with the provisions of this chapter. The recorded vote and any statement made in connection therewith, shall upon proper authentication, constitute evidence in any proceeding brought to enforce the provisions of this chapter.

F. A public body may permit nonmembers to attend a closed meeting if such persons are deemed necessary or if their presence will reasonably aid the public body in its consideration of a topic that is a subject of the meeting.

G. A member of a public body shall be permitted to attend a closed meeting held by any committee or subcommittee of that public body, or a closed meeting of any entity, however designated, created to perform the delegated functions of or to advise that public body. Such member shall in all cases be permitted to observe the closed meeting of the committee, subcommittee or entity. In addition to the requirements of § 2.2-3707, the minutes of the committee or other entity shall include the identity of the member of the parent public body who attended the closed meeting.

H. Except as specifically authorized by law, in no event may any public body take action on matters discussed in any closed meeting, except at an open meeting for which notice was given

I. Minutes may be taken during closed meetings of a public body, but shall not be required. Such minutes shall not be subject to mandatory public disclosure.

§ 2.2-3713. Proceedings for enforcement of chapter.

A. Any person, including the attorney for the Commonwealth acting in his official or individual capacity, denied the rights and privileges conferred by this chapter may proceed to enforce such rights and privileges by filing a petition for mandamus or injunction, supported by an affidavit showing good cause. Such petition may be brought in the name of the person notwithstanding that a request for public records was made by the person's attorney in his representative capacity. Venue for the petition shall be addressed as follows:

1. In a case involving a local public body, to the general district court or circuit court of the county or city from which the public body has been elected or appointed to serve and in which such rights and privileges were so denied;
2. In a case involving a regional public body, to the general district or circuit court of the county or city where the principal business office of such body is located; and
3. In a case involving a board, bureau, commission, authority, district, institution, or agency of the state government, including a public institution of higher education, or a standing or other committee of the General Assembly, to the general district court or the circuit court of the residence of the aggrieved party or of the City of Richmond.

B. In any action brought before a general district court, a corporate petitioner may appear through its officer, director or managing agent without the assistance of counsel, notwithstanding any provision of law or Rule of the Supreme Court of Virginia to the contrary.

C. Notwithstanding the provisions of § 8.01-644, the petition for mandamus or injunction shall be heard within seven days of the date when the same is made, provided the party against whom the petition is brought has received a copy of the petition at least three working days prior to filing. The hearing on any petition made outside of the regular terms of the circuit court of a locality that is included in a judicial circuit with another locality or localities shall be given precedence on the docket of such court over all cases that are not otherwise given precedence by law.

D. The petition shall allege with reasonable specificity the circumstances of the denial of the rights and privileges conferred by this chapter. A single instance of denial of the rights and privileges conferred by this chapter shall be sufficient to invoke the remedies granted herein. If the court finds the denial to be in violation of the provisions of this chapter, the petitioner shall be entitled to recover reasonable costs, including costs and reasonable fees for expert witnesses, and attorneys' fees from the public body if the petitioner substantially prevails on the merits of the case, unless special circumstances would make an award unjust. In making this determination, a court may consider, among other things, the reliance of a public body on an

opinion of the Attorney General or a decision of a court that substantially supports the public body's position.

E. In any action to enforce the provisions of this chapter, the public body shall bear the burden of proof to establish an exclusion by a preponderance of the evidence. No court shall be required to accord any weight to the determination of a public body as to whether an exclusion applies. Any failure by a public body to follow the procedures established by this chapter shall be presumed to be a violation of this chapter.

F. Failure by any person to request and receive notice of the time and place of meetings as provided in § 2.2-3707 shall not preclude any person from enforcing his rights and privileges conferred by this chapter.

To that end and for the purpose of establishing a single body of law applicable to all state and local government officers and employees on the subject of conflict of interests, the General Assembly enacts this State and Local Government Conflict of Interests Act so that the standards of conduct for such officers and employees may be uniform throughout the Commonwealth.

§ 2.2-3112. Prohibited conduct concerning personal interest in a transaction; exceptions.

A. Each officer and employee of any state or local governmental or advisory agency who has a personal interest in a transaction shall disqualify himself from participating in the transaction if (i) the transaction has application solely to property or a business or governmental agency in which he has a personal interest or a business that has a parent-subsidary or affiliated business entity relationship with the business in which he has a personal interest or (ii) he is unable to participate pursuant to subdivision B 1, 2, or 3. Any disqualification under the provisions of this subsection shall be recorded in the public records of the officer's or employee's governmental or advisory agency. The officer or employee shall disclose his personal interest as required by subsection E of § 2.2-3114 or subsection F of § 2.2-3115 and shall not vote or in any manner act on behalf of his agency in the transaction. The officer or employee shall be prohibited from (i) attending any portion of a closed meeting authorized by the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) when the matter in which he has a personal interest is discussed and (ii) discussing the matter in which he has a personal interest with other governmental officers or employees at any time.

B. An officer or employee of any state or local government or advisory agency who has a personal interest in a transaction may participate in the transaction:

1. If he is a member of a business, profession, occupation, or group of three or more persons the members of which are affected by the transaction, and he complies with the declaration requirements of subsection F of § 2.2-3114 or subsection H of § 2.2-3115;
2. When a party to the transaction is a client of his firm if he does not personally represent or provide services to such client and he complies with the declaration requirements of subsection G of § 2.2-3114 or subsection I of § 2.2-3115; or
3. If it affects the public generally, even though his personal interest, as a member of the public, may also be affected by that transaction.

C. Disqualification under the provisions of this section shall not prevent any employee having a personal interest in a transaction in which his agency is involved from representing himself or a member of his immediate family in such transaction provided he does not receive compensation for such representation and provided he complies with the disqualification and relevant disclosure requirements of this chapter.

D. Notwithstanding any other provision of law, if disqualifications of officers or employees in accordance with this section leave less than the number required by law to act, the remaining member or members shall constitute a quorum for the conduct of business and have authority to act for the agency by majority vote, unless a unanimous vote of all members is required by law, in which case authority to act shall require a unanimous vote of remaining members.

Notwithstanding any provisions of this chapter to the contrary, members of a local governing body whose sole interest in any proposed sale, contract of sale, exchange, lease or conveyance is by virtue of their employment by a business involved in a proposed sale, contract of sale, exchange, lease or conveyance, and where such member's or members' vote is essential to a constitutional majority required pursuant to Article VII, Section 9 of the Constitution of Virginia and § 15.2-2100, such member or members of the local governing body may vote and participate in the deliberations of the governing body concerning whether to approve, enter into or execute

such sale, contract of sale, exchange, lease or conveyance. Official action taken under circumstances that violate this section may be rescinded by the agency on such terms as the interests of the agency and innocent third parties require.

E. The provisions of subsection A shall not prevent an officer or employee from participating in a transaction merely because such officer or employee is a party in a legal proceeding of a civil nature concerning such transaction.

F. The provisions of subsection A shall not prevent an employee from participating in a transaction regarding textbooks or other educational material for students at state institutions of higher education, when those textbooks or materials have been authored or otherwise created by the employee.

G. The provisions of this section shall not prevent any justice of the Supreme Court of Virginia, judge of the Court of Appeals of Virginia, judge of any circuit court, judge or substitute judge of any district court, member of the State Corporation Commission, or member of the Virginia Workers' Compensation Commission from participating in a transaction where such individual's participation involves the performance of adjudicative responsibilities as set forth in Canon 3 of the Canons of Judicial Conduct for the State of Virginia. However, nothing in this subsection shall be construed to authorize such individual's participation in a transaction if such participation would constitute a violation of the Canons of Judicial Conduct for the State of Virginia.

He may review any disclosure statements, without notice to the affected person, for the purpose of determining satisfactory compliance, and shall investigate matters that come to his attention reflecting possible violations of the provisions of this chapter by officers and employees serving at the state level of government;
2. If he determines that there is a reasonable basis to conclude that any officer or employee serving at the state level of government has knowingly violated any provision of this chapter, he shall designate an attorney for the Commonwealth who shall have complete and independent discretion in the prosecution of such officer or employee;
3. He shall render advisory opinions to any state officer or employee who seeks advice as to whether the facts in a particular case would constitute a violation of the provisions of this chapter. Irrespective of whether an opinion of the Attorney General has been requested and rendered, any person has the right to seek a declaratory judgment or other judicial relief as provided by law.

B. The provisions of this chapter relating to an officer or employee serving at the local level of government shall be enforced by the attorney for the Commonwealth within the political subdivision for which he is elected.

Each attorney for the Commonwealth shall be responsible for prosecuting violations by an officer or employee serving at the local level of government and, if the Attorney General designates such attorney for the Commonwealth, violations by an officer or employee serving at the state level of government. Each attorney for the Commonwealth shall establish an appropriate written procedure for implementing the disclosure requirements of local officers and employees of his county, city or town, and for other political subdivisions, whose principal offices are located within the jurisdiction served by such attorney for the Commonwealth. The attorney for the Commonwealth shall provide a copy of this act to all local officers and employees in the jurisdiction served by such attorney who are required to file a disclosure statement pursuant to Article 5 (§ 2.2-3113 et seq.) of this chapter. Failure to receive a copy of the act shall not be a defense to such officers and employees if they are prosecuted for violations of the act.

Each attorney for the Commonwealth shall render advisory opinions as to whether the facts in a particular case would constitute a violation of the provisions of this chapter to the governing body and any local officer or employee in his jurisdiction and to political subdivisions other than a county, city or town, including regional political subdivisions whose principal offices are located within the jurisdiction served by such attorney for the Commonwealth. If the advisory

opinion is written, then such written opinion shall be a public record and shall be released upon request. In case the opinion given by the attorney for the Commonwealth indicates that the facts would constitute a violation, the officer or employee affected thereby may request that the Attorney General review the opinion. A conflicting opinion by the Attorney General shall act to revoke the opinion of the attorney for the Commonwealth. The Attorney General shall determine which of his reviewing opinions or portions thereof are of general interest to the public and may, from time to time, be published.

Irrespective of whether an opinion of the attorney for the Commonwealth or the Attorney General has been requested and rendered, any person has the right to seek a declaratory judgment or other judicial relief as provided by law.

"Archival quality" means a quality of reproduction consistent with established standards specified by state and national agencies and organizations responsible for establishing such standards, such as the Association for Information and Image Management, the American National Standards Institute, and the National Institute of Standards and Technology.

"Archival record" means a public record of continuing and enduring value useful to the citizens of the Commonwealth and necessary to the administrative functions of public agencies in the conduct of services and activities mandated by law that is identified on a Library of Virginia approved records retention and disposition schedule as having sufficient informational value to be permanently maintained by the Commonwealth.

"Archives" means the program administered by The Library of Virginia for the preservation of archival records.

"Board" means the State Library Board.

"Conversion" means the act of moving electronic records to a different format, especially data from an obsolete format to a current format.

"Custodian" means the public official in charge of an office having public records.

"Disaster plan" means the information maintained by an agency that outlines recovery techniques and methods to be followed in case of an emergency that impacts the agency's records.

"Electronic record" means a public record whose creation, storage, and access require the use of an automated system or device. Ownership of the hardware, software, or media used to create, store, or access the electronic record has no bearing on a determination of whether such record is a public record.

"Essential public record" means records that are required for recovery and reconstruction of any agency to enable it to resume its core operations and functions and to protect the rights and interests of persons.

"Librarian of Virginia" means the State Librarian of Virginia or his designated representative.

"Preservation" means the processes and operations involved in ensuring the technical and intellectual survival of authentic records through time.

"Public official" means all persons holding any office created by the Constitution of Virginia or by any act of the General Assembly, the Governor and all other officers of the executive branch of the state government, and all other officers, heads, presidents or chairmen of boards, commissions, departments, and agencies of the state government or its political subdivisions.

"Public record" or "record" means recorded information that documents a transaction or activity by or with any public officer, agency or employee of an agency. Regardless of physical form or characteristic, the recorded information is a public record if it is produced, collected, received or retained in pursuance of law or in connection with the transaction of public business. The medium upon which such information is recorded has no bearing on the determination of whether the recording is a public record.

For purposes of this chapter, "public record" shall not include nonrecord materials, meaning materials made or acquired and preserved solely for reference use or exhibition purposes, extra copies of documents preserved only for convenience or reference, and stocks of publications.

"Records retention and disposition schedule" means a Library of Virginia-approved timetable stating the required retention period and disposition action of a records series. The administrative, fiscal, historical, and legal value of a public record shall be considered in appraising its appropriate retention schedule. The terms "administrative," "fiscal," "historical," and "legal" value shall be defined as:

1. "Administrative value": Records shall be deemed of administrative value if they have continuing utility in the operation of an agency.
2. "Fiscal value": Records shall be deemed of fiscal value if they are needed to document and verify financial authorizations, obligations, and transactions.
3. "Historical value": Records shall be deemed of historical value if they contain unique information, regardless of age, that provides understanding of some aspect of the government and promotes the development of an informed and enlightened citizenry.
4. "Legal value": Records shall be deemed of legal value if they document actions taken in the protection and proving of legal or civil rights and obligations of individuals and agencies.

No agency shall destroy or discard a public record unless (i) the record appears on a records retention and disposition schedule approved pursuant to § 42.1-82 and the record's retention period has expired; (ii) a certificate of records destruction, as designated by the Librarian of Virginia, has been properly completed and approved by the agency's designated records officer; and (iii) there is no litigation, audit, investigation, request for records pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), or renegotiation of the relevant records retention and disposition schedule pending at the expiration of the retention period for the applicable records series. § 42.1-87. Archival public records.

A. Custodians of archival public records shall keep them in fire-resistant, environmentally controlled, physically secure rooms designed to ensure proper preservation and in such arrangement as to be easily accessible. Current public records should be kept in the buildings in which they are ordinarily used. It shall be the duty of each agency to consult with The Library of Virginia to determine the best manner in which to store long-term or archival electronic records. In entering into a contract with a third-party storage provider for the storage of public records, an agency shall require the third-party to cooperate with The Library of Virginia in complying with rules and regulations promulgated by the Board.

B. Public records deemed unnecessary for the transaction of the business of any state agency, yet deemed to be of archival value, may be transferred with the consent of the Librarian of Virginia to the custody of the Library of Virginia.

C. Archival public records shall be returned to the locality upon the written request of the local officials

responsible for maintaining local public records. Microfilm shall be stored in The Library of Virginia but the use thereof shall be subject to the control of the local officials responsible for maintaining local public records.

D. Record books deemed archival should be copied or repaired, renovated or rebound if worn, mutilated, damaged or difficult to read. Whenever the public records of any public official are in need of repair, restoration or rebinding, a judge of the court of record or the head of such agency or political subdivision of the Commonwealth may authorize that the records in need of repair be removed from the building or office in which such records are ordinarily kept, for the length of time necessary to repair, restore or rebind them, provided such restoration and rebinding preserves the records without loss or damage to them. Before any restoration or repair work is initiated, a treatment proposal from the contractor shall be submitted and reviewed in consultation with The Library of Virginia. Any public official who causes a record book to be copied shall attest it and shall certify an oath that it is an accurate copy of the original book. The copy shall then have the force of the original.

E. Nothing in this chapter shall be construed to divest agency heads of the authority to determine the nature and form of the records required in the administration of their several departments or to compel the removal of records deemed necessary by them in the performance of their statutory duty.

The court shall order such public records be delivered to the petitioner upon finding that the materials in issue are public records and that such public records are in the possession of a person not authorized

B. The judge aforesaid shall issue an order of seizure upon receipt of an affidavit from the petitioner which alleges that the material at issue may be sold, secreted, removed out of this Commonwealth or otherwise disposed of so as not to be forthcoming to answer the final judgment of the court respecting the same; or that such property may be destroyed or materially damaged or injured if permitted to remain out of the petitioner's possession.
