## **REDISTRICTING IMPLEMENTATION**

Alexandria City Public Schools is committed to enabling students to attend their boundary school with equitable access to instructional programs and services. The redistribution of elementary students to schools based on established boundaries is critical to achieving this goal. To the extent possible, the transition of students from one school to another shall be implemented in a manner that addresses capacity and provides a transition option to families.

Upon School Board approval of newly established elementary attendance zones, students will attend their newly zoned boundary school unless they meet the criteria outlined in <u>Regulation JCE-R.</u>

ACPS will engage in a boundary analysis every five years and/or when new schools, facilities, or programs are added that affect student assignment and capacity. As a part of this analysis, capacity, utilization and other factors will be reviewed.
