# Industry-Wide Cost Escalations

- Costs for capacity projects have increased due to construction cost escalations in last 2 years caused mostly by supply chain issues.
  - ◆ The adjusted numbers reflect the approximately 18% cost escalation since beginning of 2021
  - ◆ Uses current projects as a precedent for increased cost assumptions
- Escalation in Non-Capacity for HVAC, Building Envelope, Kitchens
- Escalation in System-Wide Accounts have been increased from 3% to 5% annually to average the recent above average cost estimates over 10-year average

# Textbooks and Curriculum Materials

- Shift in VDOE standards and requirements, the schedule changed for curriculum adoptions in the last three years.
- Elementary Math adoption was moved to FY24.
- Social Studies subscriptions for intermediate and middle grades will need to be purchased.
- World Languages will also require a realignment of digital subscription purchases based on student course enrollments.

# Technology Modernization

- Replacement of Smart Boards and Audio - Visual Systems at Middle Schools, King St, and 9 Elementary schools over the next 4 years.
- New hardware needs come with a need for an increase in replacement and repair costs.
