Grade 5	MAP Screener (Reading and Math)- Fall	ACPS required	10/13/20 – 10/30/20

[1] VDOE developed Just In Time Quick Checks over the summer to support schools this fall in formative assessments to identify instructional gaps and student needs. ACPS has taken these Quick Checks and turned them into Desmos Activities so that they can be given online as a part of the ACPS VirtualPLUS+ curriculum. The MDA for this year is the already required quick checks for Mathematics Unit 1 in K and grade 1 within the ACPS curriculum.

See reverse side for secondary school calendar.
