THROUGH: Lois F. Berlin, Ed.D., Interim Superintendent of Schools
Terri H. Mozingo, Ed.D., Chief Academic Officer

TOPIC: 2018-2019 Local Plan for Career and Technical Education (CTE)
Federal Perkins Funds

SUMMARY

The 2018-2019 Local Plan for Career and Technical Education (CTE) supports the ACPS Strategic Plan **GOAL 1: Academic Excellence and Educational Equity:** Every student will be academically successful and prepared for life, work, and college.

BACKGROUND

The Carl D. Perkins Career and Technical Education Act of 2006 and Standards of Quality require each school division to develop and receive local school board approval of a plan for Career and Technical Education that includes specific information regarding program and service descriptions and how grant funds will be used.

The Alexandria 2018-2019 Local Plan for Career and Technical Education describes activities and services proposed for the Alexandria City Public Schools Career and Technical Education program. The plan also assures that all program activities and expenditures are in accordance with the Carl D. Perkins Career and Technical Education Act of 2006 and all applicable Virginia Public School Laws.

The Alexandria Plan will provide \$216,575.02 to improve and modernize existing Career and Technical Education program offerings, provide support for EL and students with disabilities, update technology to align with industry standards, and provide staff development opportunities for instructional staff. Grant funding is allocated by formula, based on ACPS enrollment and special populations served.

The Alexandria Plan contains local assurances and conditions of the grant; Virginia and Perkins performance standards as identified in the CTE Annual Performance Report (APR); CTE Management Schedules; proposed new pathway plan of study in Architecture and Construction (Design/Pre-Construction-Architecture and Construction); financial data; and proposed budget for the use of 2018-2019 federal funds.

Listed below is a description of the proposed expenses that are further explained in the 2018-2019 Alexandria Perkins plan:

- **\$13,000.00** to permit CTE teachers and administrators to attend local, state, and national professional conferences and workshops/courses to receive research-based training designed to improve course content, assessment, instruction, and curriculum design for all students.
- **\$17,000.00** to purchase laptops and carts for keyboarding instruction for EL students and chrome books/laptops for students with disabilities in career connections instruction.
- **\$2,153.00** to conduct surveys of completer graduates in order to report required CTE data to meet the state-mandated 75% program completer response rate.
- **\$47,758.84** to improve and modernize computer labs (including Patrick Henry School) by updating hardware necessary to provide students with appropriate instruction. All equipment will be from the state-approved equipment list.
- **\$25,000.00** to update required software for computer labs in all areas to meet instructional needs of courses in TV Production, Photography, Business, etc. Software purchases are included on the state equipment list.
- **\$36,000.00** to purchase professional equipment from the state equipment list including cameras, mixers, and editing software for TV Production and Photography; automotive equipment for Automotive Technology; and small equipment for Cosmetology and other Trade and Industrial Programs.
- **\$11,261.90** for support of grant operations through indirect costs of 5.2%.
- **\$12,000.00** to assist students in special populations who have won local student organization honors (FBLA, FCCLA, FEA, DECA, SkillsUSA, TSA, and HOSA) as well as one adviser, with expenses to and from state and/or national leadership conferences including registration, travel, and lodging fees.
- **\$30,000.00** to improve and modernize Technology Education labs (including STEM Academy) with appropriate equipment, tools, hardware, and software necessary to provide students with appropriate instruction. All equipment will be from the state-approved equipment list.
- **\$10,000.00** to improve and modernize Health and Medical Science classrooms with appropriate equipment necessary to provide students with up-to-date current instruction in Nurse Aide and Surgical Technology courses. All equipment will be from the state-approved equipment list.
- **\$12,401.28** to provide support for teacher summer instruction in the Health Science Academy summer bridge program.

RECOMMENDATION

The Interim Superintendent recommends the School Board approve the Perkins Local Plan.
