Enter or copy your comments into the box below:	<p>Good evening,</p> <p>As a parent of two ACPS elementary school children and an aunt to three additional ACPS students, including one at George Washington Middle School, I strongly encourage the Board to immediately fund the design and construction of a security vestibule at GWMS. GWMS is the second largest school in our city, with over 1,500 students and approximately 180 staff. The absence of a double entry system puts them all at heightened risk if an intrusion were to be attempted. In addition, the absence of such a security feature undoubtedly creates stress and fear neither of which are conducive to learning and mental health.</p> <p>Thank you for taking these comments into consideration and for your service and commitment to furthering the educational development and safety of our children. Please fund the design and installation of a security vestibule at GWMS. It is of priority importance to over 1,500 children.</p> <p>Sincerely, Tamara Jovovic</p>
