FROM: Elizabeth Hoover, Ph.D., Chief Technology Officer
THROUGH: Melanie Kay-Wyatt, Ed.D., Interim Superintendent of Schools
TO: The Honorable Meagan L. Alderton, Chair, and
Members of the Alexandria City School Board
TOPIC: ACPS 2018-2023 Technology Plan Update

ACPS 2025 STRATEGIC PLAN GOAL:

Goal 1: Systemic Alignment

SY 2022-2023 FOCUS AREA:

Strategic Plan Implementation

FY 2023 BUDGET PRIORITY:

Technology Upgrades

SUMMARY:

The attached document summarizes the 2018-2023 ACPS Technology Plan, provides a goal status and highlights work and projects that demonstrate evidence of implemented strategies and actions over the last 5 years.

BACKGROUND:

The 2018-2023 ACPS Technology Plan was developed to improve and innovate teaching and learning in the Division. However, no one could anticipate the disruption of traditional education due to the COVID pandemic. During that time the three major goals of the ACPS Technology Plan remained priorities and new practices emerged in order to respond to the needs of students, staff and families. As a result, some actions of the plan were accelerated and/or delayed and new actions were developed based on needs.

In February, work will begin on a new Technology Plan and will include input from students, staff, parents and community. It will also incorporate recommendations provided by contracted consultants and auditors, especially around the areas of cybersecurity and data privacy.

RECOMMENDATION:

The Interim Superintendent recommends that the School Board the attached information.

BOARD MEMO

IMPACT:

The ACPS Technology Plan is to support the division in its mission to ensure success by inspiring students and addressing barriers to learning.
