BACKGROUND:

With the sudden transition to learning from home, the need for internet access grew quickly and significantly due to the increased number of students using Chromebooks at home. Almost 12,000 students in grades 3-12 are using Chromebooks to connect with their teachers and access learning materials.

To address the lack of internet access for approximately 12% of ACPS students, the Division distributed over 700 Kajeets to ACPS households, impacting over 1,200 students. The PTA's generous donation will support funding for approximately 140 Kajeets or 20% of these essential devices.

RECOMMENDATION:

The Superintendent recommends that the School Board accept the donation to ACPS in the amount of \$32,002.63.

IMPACT:

This donation will help support ACPS students in need of internet access.
