SUMMER LEARNING THROUGH ENGAGEMENT AND ENRICHMENT FOR ALL

Continuity of Learning Plan | Summer 2020

Every Student Succeeds

Summer Learning through Engagement and Enrichment For All

Continuity of Learning Plan 3.0

During this unprecedented time, ACPS is offering every student the opportunity to expand or refine their learning by providing summer learning through engagement and enrichment for all students.

Summer opportunities will include virtual asynchronous and synchronous learning, learning kits, and enrichment in the arts. The educational programming will include the necessary support for students with disabilities, English learners and talented and gifted students.

Highlights and Overview

Summer Learning will be for all students. **Students who do not wish to participate will need to opt out.**

Most summer opportunities are free to all students, with the exception of:

- New courses at T.C. Williams High School (Economics and Personal Finance; and Physical Education 9 and 10)
- Credit recovery courses at T.C. Williams High School (English, Social Studies, Science and Math)

Any student whose circumstances have been impacted by COVID-19 or is eligible for Free or Reduced Price Meals can access these classes for free by contacting their school counselor.

The goal of summer learning is to engage, enrich, and prepare students for the anticipation of September 2020 and is based on the following principles:

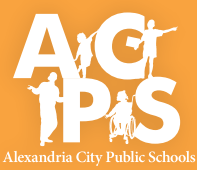

- Engaging content paced to afford students the opportunity to self-monitor and receive feedback and coaching. Feedback and coaching are essential for student success in the virtual context.
- Preparation for the next grade level for all rising sixth grade students and secondary students through boost/prep courses.
- Pre-K through fourth grade students will continue using learning kits and Chromebooks with an additional feature of virtual check-in or phone support for our pre-K through second grade students.
- Feedback and grading are essential to Summer 2020. Students will receive feedback and coaching or grades for credit-bearing courses that will go on transcripts.
- Provide social-emotional supports to all students throughout the summer school session.

Summer Learning Hours

Summer Learning will be offered Monday through Thursday, July 6-31, 2020.

- Pre-K through eighth grade hours: 9 a.m.-2:30 p.m.
- High school hours: 9 a.m.-2 p.m.

NOTE: High school students will be expected to participate in either the morning or afternoon session, depending on the timing of the course in which a student is enrolled.

SUMMER LEARNING FOR ALL
PreK-Grade 2

Current Pre-K Students

- Learning Activity Packets
- TV Lessons
- Kindergarten Prep

Learning Activity Packets

ACPS has partnered with the Center for Alexandria's Children and Smart Beginnings Alexandria to provide families with young children a variety of hands-on activities in Learning Activity Packets to help them continue to learn and grow during the summer. Pre-K families will receive four Learning Activity Packets over the course of the four weeks. These will be mailed home.

The Learning Packets will focus on:

- Art in Color
- Summer Discoveries

The Learning Activity Packets will include: ideas for art activities; outdoor fun and science discovery; books to read together; and songs to sing.

These activities focus on developing a child's language, early reading skills, math, science and physical skills in a fun way.

TV Lessons

TV lessons for younger students will be offered on ACPS-TV, local cable channel 71, throughout the summer. ACPS-TV can also be viewed on the [ACPS-TV webpage](#).

The schedule for summer TV lessons and fun activity sessions can be found on the [ACPS-at-Home website](#).

Prerecorded lessons for pre-K through kindergarten can be found on the ACPS-at-Home website on the [Pre-K and Kindergarten Learning from Home webpage](#).

Kindergarten Prep

K-Prep is currently scheduled for August 18-21. This year, it will be a virtual academy. We are asking families to save the date. Details will be shared in July. Details will be posted to the [Enrollment page](#) on the ACPS website.

Current Kindergartners

- Learning Activity Packets
- Summer Dual Language Academy for Mount Vernon and John Adams Students
- TV Lessons

Learning Activity Packets

ACPS will provide families with students in kindergarten through grade four with a variety of hands-on activities and resources in Learning Activity Packets to help them continue to learn and grow during the summer.

The learning kits contain hands-on resources and provide materials for students to practice and apply key academic skills necessary to be successful in the 2020-21 school year. The hands-on materials are meant to be utilized to support learning with the provided print materials which include an inquiry project, science experiments, math, literacy, art, music, physical education, and world language. Opportunities for students to engage in synchronous and asynchronous Zoom lessons with classroom and encore teachers available during the summer school session.

- Students in kindergarten through grade four will receive four Learning Activity Packets over the course of the four weeks. These will be mailed home.
- Books to encourage continuity of reading over the summer will be mailed to the homes of all students.

Summer Dual Language Academy for Mount Vernon and John Adams Students

All students registered at Mount Vernon Community School and John Adams Elementary School in the Dual Language program are eligible for this program.

The Summer Dual Language Academy will be offered as a virtual program Monday through Thursday, July 6-24. Families will be contacted by their school regarding this program.

TV Lessons

TV lessons for younger students will be offered on ACPS-TV, local cable channel 71, throughout the summer. ACPS-TV can also be viewed on the [ACPS-TV webpage](#).

The schedule for summer TV lessons and fun activity sessions can be found on the [ACPS-at-Home website](#).

Prerecorded lessons for pre-K through kindergarten can be found on the ACPS-at-Home website on the [Pre-K and Kindergarten Learning from Home webpage](#).

Current 1st and 2nd Graders

- Learning Activity Packets
- Summer Dual Language Academy for Mount Vernon and John Adams Students
- TV Lessons
- Grades 1 and 2 Schedule

Learning Activity Packets

Summer Dual Language Academy for Mount Vernon and John Adams Students

All students registered at Mount Vernon Community School and John Adams Elementary School are eligible for this program.

The Summer Dual Language Academy will be offered as a virtual program Monday through Friday, July 6-24. Families will be contacted by their school regarding this program.

The Summer Dual Language Academy provides an enriched bilingual (English and Spanish), biliterate, and culturally competent educational experience for all students. During distance learning, the Summer Language Academy will continue to focus on our SLA GLAD Units and Biliteracy Curriculum. These units highlight the culture of Spanish speaking countries and align with Reading, Math, Science and Social Studies' grade level Standards of Learning (SOLs).

TV Lessons

TV lessons for younger students will be offered on ACPS-TV, local cable channel 71, throughout the summer. ACPS-TV can also be viewed on the [ACPS-TV webpage](#).

The schedule for summer TV lessons and fun activity sessions can be found on the [ACPS-at-Home website](#).

Grades 1 and 2 Schedule

- Monday-Thursday, teachers will host a class meeting online and will be available for office hours identified in the schedule below.
- A Summer School Hotline will be available Monday-Thursday during summer school. Summer programs will be taught by a summer schoolteacher and not a student's class/homeroom teacher.
- Teacher work hours: Two hours per day Monday-Thursday for a total of eight hours per week with no teacher-student interaction on Fridays. *All live Zoom lessons will be recorded.*

Current 5th Graders

- Boost Courses for English and Mathematics
- Virtual Summer Music Camp
- Dual Language Summer Bridge Program
- Middle School Prep
- Grade 5 Schedule

ACPS will provide families with students in grade five learning opportunities for two programs to help them continue to learn and grow during the summer.

Boost Courses for English and Mathematics

These courses will help to prepare our current grade five students for sixth grade. These courses are accessible through a student's Chromebook and are online courses. This is a self-directed program with online teacher support.

Virtual Summer Music Camp

This program is for current fifth grade students and is offered July 15-24. Students will meet virtually each day at a specific time for level-appropriate instruction. This program will support students with and without instruments.

Dual Language Summer Bridge Program

The Dual Language Summer Bridge Program will be offered to rising dual language sixth grade students from John Adams Elementary School and Mount Vernon Community School. The virtual session will be offered July 20-31.

The program will provide a distance learning platform where students will continue to develop their reading, writing, speaking, and listening skills in English and Spanish. Furthermore, the program will help prepare students to transition into the dual language program of their respected middle school.

Students will be contacted by their school regarding this program.

Middle School Prep

This program is for all rising sixth grade students (current fifth graders). Details will be posted on the ACPS website.

Grade 5 Schedule

- Monday-Thursday, teachers will host a class meeting online and will be available for office hours from 9 to 11 a.m.

- A Summer School Hotline will be available Monday-Thursday during summer school. Summer programs will be taught by a summer schoolteacher and not a student's class/homeroom teacher.
- Teacher work hours: Two hours per day Monday-Thursday for a total of eight hours per week with no teacher-student interaction on Fridays. *All live Zoom lessons will be recorded.*

SUMMER LEARNING FOR ALL
Grades 6–8

Current 6th and 7th Graders

- Learning Loss Boost/Prep Classes in Math and English
- AVID Excel
- Virtual Summer Music Camp
- Virtual Summer Theatre Camp
- 24/7 Online Tutoring

Learning Loss Boost/Prep Classes in Math and English

Boost courses for English and mathematics help mitigate learning loss, prepare students for the next grade and are available to all students. Rising eighth graders (current 7th graders) will also have the option to take Civics and Economics and Physical Science. These courses are accessible through a student's Chromebook and are online courses. This is a self directed program with online teacher support.

AVID Excel

This course is available to students who are enrolled in the AVID program between July 20-24. Students will receive an invitation to this virtual course.

During the AVID Excel Digital Summer Bridge, AVID Excel scholars will engage in interactive, synchronous team building activities that focus on developing a comfortable and connected scholarly community as well as language building. Together this community of scholars will collaborate and have fun while increasing their academic language and literacy development in preparation for the rigorous curriculum they will encounter in the AVID Excel elective course.

Virtual Summer Music Camp

This program is offered July 15-24. Students will meet virtually each day at a specific time for level-appropriate instruction. This program will support students with and without instruments.

Virtual Summer Theatre Camp

This program is offered July 6-31. Each day begins with physical, vocal and emotional exercises and theater games. The camp will encourage and foster an environment of safe and supportive interactive learning and fun with the goal of developing creativity and confidence in all environments that require public speaking and communication skills. Students can take the camp for as many weeks as they are able to attend so that each week is a new beginning and has its own weeklong trajectory.

24/7 Online Tutoring

A free 24/7 tutoring service available to all ACPS students in grades 6-12. Every session is one-on-one and individualized to the subject matter. For instructions and more details, refer to the [24/7 Online Tutoring Service webpage](#).

Current 8th Graders

- Boost/Prep Classes in Math, English, Biology, and World History and Geography to 1500
- Advanced Placement (AP) Boot Camp
- Governor's Health Sciences Academy Summer Bridge
- Virtual Summer Music Camp
- Virtual Summer Theatre Camp
- 24/7 Online Tutoring

ACPS will provide rising ninth grade students with access to multiple online programs to help them continue to learn during the summer and prepare them for entry into high school.

Boost/Prep Classes in Math, English, Biology, and World History and Geography to 1500

Boost courses are to prepare students for high school. These courses are accessible through a student's Chromebook and are online courses. This is a self directed program with online teacher support.

Advanced Placement (AP) Boot Camp

One way that schools and districts prepare students for the demands of Advanced Placement coursework is through the use of "boot camps" that take place in the summer preceding AP course enrollment. The ACPS boot camp is designed for first time AP students. The boot camp coursework helps students focus on the skills necessary to successfully complete a year in any Advanced Placement course. This goal is achieved through experiences designed to encourage teamwork, communication, organization, critical reading and writing as well as problem-solving. This virtual class is a two-week program. There are two sessions offered: July 6-17 and July 20-31.

Governor's Health Sciences Academy Summer Bridge

This program will be offered online July 6-16 from 10 a.m. to 1 p.m.

The Summer Bridge program is a transitional program for students already accepted into the Governor's Health Sciences Academy at T.C. Williams and who will be starting the program in fall 2020.

The program is designed to create a foundation that enables the students to be successful taking college-level courses. During this two-week program, students apply to The George Washington University, create their online university accounts and begin using Blackboard. Students also receive instruction related to college research, writing, and APA format. Guest speakers from each of the seven proposed pathways also share insight regarding health-related careers and hands-on activities or simulations. At the

end of the program, students will have researched a career of their choice and created a virtual presentation.

Virtual Summer Music Camp

This program is offered July 15-24. Students will meet virtually each day at a specific time for level-appropriate instruction. This program will support students with and without instruments.

Virtual Summer Theatre Camp

This program is offered July 6-31. Each day begins with physical, vocal and emotional exercises and theater games. The camp will encourage and foster an environment of safe and supportive interactive learning and fun with the goal of developing creativity and confidence in all environments that require public speaking and communication skills. Students can take the camp for as many weeks as they are able to attend so that each week is a new beginning and has its own weeklong trajectory.

24/7 Online Tutoring

A free 24/7 tutoring service available to all ACPS students in grades 6-12. Every session is one-on-one and individualized to the subject matter. For instructions and more details, refer to the [24/7 Online Tutoring Service webpage](#).

SUMMER LEARNING FOR ALL
Grades 9-11

Current 9th-11th Graders

- Boost/Prep Classes for Math and English (not for credit)
- Spanish Language Lessons Over the Radio
- 24/7 Online Tutoring
- Online Summer School for Credit Recovery (repeat courses)
- Online Summer School Courses for New Credit
- Advanced Placement (AP) Boot Camp
- Advanced Placement (AP) Calculus Boot Camp

Some high school programs are available to all students, while others require a student to sign up and potentially pay to enroll in a class.

High School Programs that are Free-for-all

Boost/Prep Classes for Math and English (not for credit)

Boost courses for English and math are accessible through a student's Chromebook. This is an online course. It is a self-directed program with online teacher support. Students can access these courses on their own time. Teachers will be available to support students between 9 and 11 a.m. Monday through Thursday, July 6-31.

Spanish Language Lessons Over the Radio

Virginia Educación en Radio will feature prerecorded lessons in multiple subject areas to support continuity of learning for Spanish-speaking students in grades K-12 while schools are closed.

Students can access Virginia Educación en Radio in the following ways:

- Listening live at radiopoder1380.com from 10:30-11 a.m., Monday-Friday
- Listening to lessons on demand at radiopoder1380.com/educacion
- Listening live by phone at 206-629-0249 or 641-715-8936

24/7 Online Tutoring

A free 24/7 tutoring service available to all ACPS students in grades 6-12. Every session is one-on-one and individualized to the subject matter. For instructions and more details, refer to the [24/7 Online Tutoring Service webpage](#).

High School Programs that Require Fees and/or Registration

Students can sign up for the following fee-paying classes in two ways:

- By completing an online form that will be available on the ACPS-at-Home website on May 26.
- By contacting your school counselor.

Any student whose circumstances have been impacted by COVID-19 or is eligible for Free or Reduced Price Meals can access these classes for free by contacting their school counselor.

Online Summer School for Credit Recovery (repeat courses)

These are virtual classes that need repeating or retaking in:

- English
- Social Studies
- Science
- Math

Online Summer School Courses for New Credit

These are virtual classes for:

- Physical Education 9
- Physical Education 10
- Economics and Personal Finance

AP Boot Camp

One way that schools and districts prepare students for the demands of Advanced Placement coursework is through the use of “boot camps” that take place in the summer preceding AP course enrollment. The ACPS boot camp is designed for first time AP students. The boot camp coursework helps students focus on the skills necessary to successfully complete a year in any Advanced Placement course. This goal is achieved through experiences designed to encourage teamwork, communication, organization, critical reading and writing as well as problem-solving. This virtual class is a two-week program. There are two sessions offered: July 6-17 and July 20-31.

AP Calculus Boot Camp

A two week summer course that will build fundamental skills in preparation for an AP Calculus course through exposure to content and AP style questions needed for successful completion of an AP Calculus course and exam.

Two major objectives:

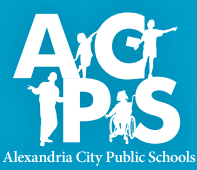

- Strengthening the core math skills needed to be successful in calculus such as factoring, graphing, and trigonometry.
- Exposing students to the first two chapters of AP Calculus to help make a smooth transition for students into such a rigorous course.

This will allow students to strengthen core skills needed for AP Calculus, while also exploring the first two chapters of calculus. There are two sessions offered: July 6-17 and July 20-31.

Alternate External Program Options

Please note, these programs are not managed or run by ACPS.

SUMMER LEARNING FOR ALL
Staffing

Staffing for Summer Learning for All

ACPS staff will undergo Professional Learning to prepare them for Summer Learning for All on June 23 or June 24.

Summer Learning for All will be staffed by:

- A Summer Learning Coordinator who will collaborate and support principals and coordinators, manage summer school operations, and ensure plans are in place for student and staff accountability
- Summer School Principals/Coordinators who will monitor classes, supervise teachers, and answer parent questions
- Teachers who will teach, mentor and coach students.
- Counselors who will conduct Social Emotional Academic Learning (SEAL), provide mental health support, and coordinate and verify the requirements of any students who are graduating in August of 2019
- Additional mental health supports: Psychologists and social workers are on call.

Staff Schedule for Kindergarten through Grade 5

- Monday-Thursday, teachers will host a class meeting online and will be available for office hours 9 to 11 a.m.
- A Summer School Hotline will be available Monday-Thursday during summer school. Summer programs will be taught by a summer schoolteacher and not a student's class/homeroom teacher.
- Teacher work hours: Two hours per day Monday-Thursday for a total of eight hours per week with no teacher-student interaction on Fridays. *All live Zoom lessons will be recorded.*

Staff Schedule for Grades 6-12

Staff will be expected to support students during their online classes.

- Boost teachers: 9-11 a.m. Monday-Thursday
- New credit and credit recovery courses: 9 a.m.-2 p.m. Monday-Friday
