Total Compensation ..... 8

## Background and Methodology

Alexandria City Public Schools engaged Segal Waters Consulting to assess the market competitiveness of ACPS' base pay and total compensation offerings for selected job categories, including:
> Paraprofessionals
> School Psychologists
> School Principals
> Senior Leadership
> Transportation
The 22 job titles included in this analysis are shown in Table 1.

|  | TABLE 1 |
| :--- | :--- |
| BENCHMARK JOB TITLES |  |

For this analysis, the competitive market includes as all Virginia school divisions that are members of the Washington Area Board of Education (WABE), listed below:
> Arlington Public Schools
> Fairfax County Public Schools
> Falls Church City Public Schools
> Loudoun County Public Schools
> Manassas City Public Schools
> Manassas Park City Schools
> Prince William County Schools
The data used in our analysis reflect Fiscal Year 2020 pay ranges and benefit offerings in effect as of December 2019. We compiled the information from each school division's website and other publicly available reports, as well as documents and data collected through personal contact with the divisions' human resources staff.

To identify and validate appropriate job matches with each school division, we reviewed salary scales, job classification lists, job descriptions, organizational charts, and departmental website information.

This report contains a summary of the study findings. Detailed findings for each job category have been delivered separately.

## Findings

Base Pay
Error! Reference source not found.Table 2 on the next page shows ACPS' base pay market position in two ways:

A Market Ratio, which reflects ACPS' salary rate as a percent of the market average. Ratios highlighted in red indicate where Alexandria is at least five percent below the market average (that is, a ratio of $95 \%$ or less).

A Market Rank, which reflects ACPS' rank among the school divisions for base pay. Those highlighted in red indicate where Alexandria is in the bottom half of the school divisions (that is, ranked below the median salary).

Overall, we found that the following 13 job titles have below-market salary rates:
> Paraprofessional IV (LPN)
> Principal, Elementary School
> Principal, Middle School
> Chief Academic Officer
> Chief of Student Services
> Chief Financial Officer
> Chief Operating Officer
> Executive Director, Elementary Instruction
> Executive Director, Secondary Instruction
> Bus Driver
> Bus Driver Trainer
> Auto/Equipment Mechanic II
> Parts/Supply Inventory Supervisor

| Parts/Supply Inventory <br> Supervisor |  |  |  |  |

Figures in red are at least 95\% below the market average or are ranked in the bottom half of all school divisions

## Health Benefits

As part of total compensation, we compiled information on the current cost and cost sharing arrangements for medical, dental, and vision plans offered to full-time employees at each of the comparator school divisions.

To estimate each school division's per-employee cost for these benefits, we weighted the cost for each plan by ACPS' current enrollment distribution among the coverage tiers ( $53 \%$ employee-only coverage, $20 \%$ employee-plus-one coverage, and $27 \%$ family).

Table 3 shows the estimated average monthly employer cost. Since some school divisions maintain different cost sharing arrangements by employee group, we segmented the information into two categories: Administrators and Support Staff. Additional details can be found in the Health Benefits section of the individual reports for each employee group.

In general, we found that ACPS' costs for PPO coverage are somewhat higher than the market average, about $\$ 200$ per person per month higher for administrators and about $\$ 270$ per person per month higher for support staff. For HMO coverage, however, ACPS' costs are somewhat lower for administrators and slightly higher for support staff.

TABLE 3
ESTIMATED WEIGHTED AVERAGE¹ EMPLOYER MONTHLY COST FOR HEALTH-RELATED BENEFITS

|  | ACPS | Market <br> Average | Dollar <br> Difference |
| :--- | :---: | :---: | :---: |
| Administrators |  |  |  |
| PPO, Dental, and Vision | $\$ 1,130$ | $\$ 934$ | $\$ 196$ |
| HMO, Dental, and Vision | $\$ 705$ | $\$ 755$ | $(\$ 50)$ |
| Support Staff |  |  |  |
| PPO, Dental, and Vision | $\$ 1,267$ | $\$ 999$ | $\$ 268$ |
| HMO, Dental, and Vision | $\$ 922$ | $\$ 862$ | $\$ 60$ |

It is important to note that health plan costs can vary for many reasons, including plan design (deductibles, co-insurance rates, etc.), coverage limits and exclusions, network size and provider rates/negotiated discounts, plan size (number of enrollees), plan experience, administration expenses, and funding arrangement (self-funded or insured), as well as other factors. In other words, higher costs do not necessarily reflect a "richer" benefit and lower costs do not necessarily reflect a "lower" benefit.

[^0]
## Retirement Plan Contributions

We also collected information on each school division's contributions to retirement plans, including both primary and supplemental plans.

All of these school districts participate in the Virginia Retirement System (VRS), which has a consistent 2019 contribution rate of $15.68 \%$ for all occupational categories in this study except transportation jobs. For transportation employees in VRS, employer contribution rates vary by employer and are determined actuarially by the System administrator ${ }^{1}$.

In addition, three of the comparator school divisions also offer supplemental retirement savings plans (Arlington, Fairfax County, and Prince William).

Table 4 shows the 2019 total employer contribution rate including contributions to both VRS and the maximum matching contribution to any supplemental plans. Additional details can be found in the Retirement Benefits section of the individual reports for each employee group.

TABLE 4
EMPLOYER CONTRIBUTION RATES TO RETIREMENT PLANS IN 2019

| Employee Group | ACPS | Market <br> Average | Difference |
| :--- | :---: | :---: | :--- |
| All Groups Except Transportation | $15.68 \%$ | $16.94 \%$ | -1.26 percentage points |
| Transportation Employees | $1.21 \%$ | $7.90 \%$ | -6.69 percentage points |

It is important to note that, despite any differences in current contribution rates, most employees in these school divisions participate in the same retirement plan (VRS) and are therefore eligible for the same retirement benefits as their counterparts in other Virginia school divisions.

[^1]
## Total Compensation

Similar to the base pay comparisons, we calculated a market ratio and market rank for each job title's total compensation (including base pay and employer costs for health and retirement benefits), as shown in Table 5 on the next page.

The Market Ratio reflects ACPS' total compensation costs as a percent of the market average. The Market Rank reflects ACPS' rank among all surveyed school divisions for total compensation.

Overall, we found that most jobs have a similar market position for both base pay and total compensation, as summarized below.

| Job Title | Base Pay Market Position |  | Total Compensation Market Position |  |
| :---: | :---: | :---: | :---: | :---: |
|  | ACPS Market Ratio | ACPS Market Rank | ACPS <br> Market Ratio | ACPS Market Rank |
| Paraprofessional I | 103\% | 3 of 8 | 108\% | 1 of 8 |
| Paraprofessional II | 103\% | 2 of 8 | 107\% | 2 of 8 |
| Paraprofessional IV | 81\% | 3 of 3 | 86\% | 3 of 3 |
| School Psychologist | 103\% | 3 of 8 | 104\% | 2 of 8 |
| Principal, Elementary | 94\% | 6 of 8 | 95\% | 6 of 8 |
| Principal, Middle School | 95\% | 7 of 8 | 95\% | 7 of 8 |
| Principal, High School | 112\% | 2 of 8 | 111\% | 2 of 8 |
| Chief Academic Officer | 93\% | 6 of 8 | 93\% | 5 of 8 |
| Chief of Student Services | 94\% | 4 of 6 | 94\% | 4 of 6 |
| Chief Financial Officer | 94\% | 6 of 8 | 94\% | 4 of 8 |
| Chief HR Officer | 99\% | 4 of 8 | 99\% | 4 of 8 |
| Chief Operating Officer | 93\% | 5 of 7 | 93\% | 4 of 7 |
| Chief Technology Officer | 99\% | 4 of 8 | 99\% | 4 of 8 |
| Executive Director, Elementary | 95\% | 4 of 7 | 95\% | 4 of 7 |
| Executive Director, Secondary | 95\% | 4 of 7 | 95\% | 4 of 7 |
| Bus Driver | 95\% | 7 of 8 | 98\% | 4 of 8 |
| Bus Monitor | 105\% | 3 of 8 | 106\% | 3 of 8 |
| Bus Driver Trainer | 89\% | 7 of 8 | 92\% | 7 of 8 |
| Auto/Equipment Mechanic II | 92\% | 7 of 7 | 92\% | 6 of 7 |
| Parts/Supply Inventory Supervisor | 93\% | 5 of 6 | 92\% | 5 of 6 |

Figures in red are at least $95 \%$ below the market average or are ranked in the bottom half of all school divisions
