This item is not currently budgeted for; let alone in planning or construction phases.</p> <p>Considering the epidemic of school and workplace shootings, and that GWMS is the second largest school in Alex City, this is a topic that requires URGENT attention.</p> <p>As an active duty military member who was on the Navy Yard during the shooting 10 years ago, I have gone thru numerous trainings since then in regard to active shooter response.</p> <p>Children should NOT have to go thru these types of training and exercises. Yet, if we do not even have the basic physical barriers in place at GWMS, what are they supposed to do?</p> <p>Having a double entry / portal entry in place at GWMS would be an enormous upgrade to their security, and frankly, should already be installed given the current active shooter reality, and the size of the school.</p> <p>Please move this item to the top of your priority list, and get this under construction as soon as possible. In the meantime, there should be a full-time ACPD officer or similar, at the entry door during school hours.</p> <p>Very respectfully, Christian Johanson</p>
