

Math, Science and Technology

This summer will you be...

- a rising junior or senior?
- interested in the nature of science, scientific experiments and logic?
- taking challenging courses and getting good grades?

The Governor's School of Math, Science and Technology is a free, residential summer experience on the campus of Lynchburg College, VA, bringing students like you across the state to learn about the interplay between experimentation, imagination, and logic.

You will:

- learn a substantial amount about a particular area in mathematics, science, and/or technology
- experience how modern science, mathematics, and engineering are all interdependent

Applications are now being accepted. Selection is competitive.

For more information, visit the Governor's School for Math, Science and Technology home page at
