

Alexandria City School Board  
Via email

October 3, 2018

Dear Chair, Vice-Chair, and Members of School Board,

Thank you very much for your consideration of this naming request in honor of Jack Taylor. His generosity has left an indelible impact on the education of our ACPS students. For many years, Jack Taylor has supported the Scholarship Fund of Alexandria and several TC Williams programs in addition to supporting other schools and their PTAs.

I would like to make a point of clarification that the request should be for naming the College and Career Wing in Mr. Taylor's honor because the Wing encompasses the Scholarship Fund of Alexandria offices and the College and Career Center, and more closely reflects his significant contributions. That was the original request, and although at some point the wording was changed, I believe the intent has always been to name the entire Wing after Jack Taylor.

Thank you for your consideration. Please let me know if you have any questions.

Sincerely,

Beth Lovain  
Executive Director
