

TAGAC Questions for School Board Member Candidates

- 1. For several years the TAGAC has been making recommendations to improve equity in the testing, evaluation and screening methods used to identify students for TAG services. Please give an explanation of a specific testing, evaluation or screening method that you feel would improve equity in identifying students for TAG services.**
- 2. Specific to the delivery of TAG services to students in ACPS, what do you see as the next biggest challenge ACPS needs to address?**
- 3. What is the single biggest impact you feel you will bring to the TAG program by sitting on the school board?**
