BACKGROUND

The Career and Technical Education Advisory Committee (CTEAC) is presenting the following items for consideration for its 2020-2021 Scope of Work.

1. Increase CTEAC membership to include representatives from additional program areas, specifically Energy and Carpentry/Construction.
2. Explore scholarship opportunities available to CTE students.
3. Continue to review and monitor CTE course offerings, and provide direction and advice for expanding, changing, and eliminating CTE courses.
4. Review CTE Annual Performance Report, Industry Certification test results, and student enrollment data to evaluate the effectiveness of CTE programs.
5. Continue increasing awareness of CTE programs by expanding outreach for work-based learning opportunities and program publicity to stakeholders.

BOARD MEMO

6. Continue to partner with the Industry Advisory Boards (IABs).
7. Approve a new Local Perkins plan for the 2021-2022 school year.

RECOMMENDATION

The Superintendent recommends that the School Board approve the CTEAC Scope of Work.

IMPACT

A focus by the CTE Advisory Committee on the above recommendations would provide greater opportunities for ACPS students to graduate ready for college and career.
