Capacity Projects: Changes

- Adjust budgets for construction cost inflation
- Advance full Douglas MacArthur budget to FY21
- Re-allocate swing space funds for High School Project budget in FY22
- Targeted Facilities Conditions Assessments (TFCA) and Feasibility Studies confirm that:
 - George Mason requires a full modernization and should still be the next after Douglas MacArthur (Priority 1 in TFA)
 - Cora Kelly requires a full modernization and should be after George Mason (Priority 2 in TFA)
 - Transportation Facility is in critical condition and needs replacement (Priority 1 in TFA)

Budget Gap	(\$3,437,570)	(\$7,203,710)	(\$5,009,377)	(\$6,334,844)	(\$21,985,501)

Note: TFCA only included 6 facilities; the total final request will incorporate all ACPS non-capacity projects. All ACPS non-capacity facilities projects are being evaluated and re-prioritized.

Summary

The School Board's CIP will reflect:

- A significant request in FY 2021 due to:
 - the advancing of Douglas MacArthur
 - increased funding needs for non-capacity
- The use of data to drive priorities and expenditures
- An aggressive timeline and a systematic plan to tackle:
 - Aging Facilities old buildings making system failures more likely
 - Educational Inadequacy –buildings not meeting the current standards for learning environments (i.e. small classrooms, lack of light, etc.)
 - Over-crowding continued enrollment growth has resulted in over-crowded schools division-wide
