Thank you for your service on the School Board. I would like to urge all of you to please vote in support of renaming our high school. As I have said in the past, it is shameful that our high school is named after T.C. Williams, who was a segregationist and racist. I believe the board should vote immediately to change the school's name and proceed with a thoughtful process to determine the school's future name. Thank you for your consideration.

Allison Silberberg  
Former Mayor of Alexandria
