The Superintendent has prepared a CIP budget that addresses the school division's need for construction, and the expansion of capital assets to ensure the provision of learning environments that support high performing schools and accommodates our growing school population. - Continued collaboration with the City to address funding gaps including recommendations from the Ad-Hoc Joint City-School Facilities Investment Task Force project prioritization deliverable
- Interim measures needed to address deferral of major modernization projects
- Full community engagement that provides transparency in CIP decision making priorities

- Accountability measures to monitor effectiveness and quality of facility services
