This refusal of the proposed lunch and learn plan seems to be that all of the kids are being judged based upon the actions of the kids who are prone to not follow the rules. We as a community and school are being held responsible for things that are beyond our control, as we apparently haven't been able to address them in the proposed Lunch and Learn plan. I am only a recent member of this community, but as it is now, I struggle with time to get food, try and catch up on work, and meet with teachers. I do not have enough time before school to come and meet with them, and due to extracurricular activities, I have no other time to meet with them. I feel that my education is suffering due to the fact that my connection with my teachers are limited, placing a barrier on my learning experience.
